RECA & Grass Movement Systems Product Guide

RECA-UK

RECA | CONNECTS. PERFORMS. INSPIRES.

Introduction

RECA-UK LTD is part of the European RECA Group.

The RECA Group, with over €700 million turnover, offer massive resources to help give you, the customer, the best possible service. With over 9,000 active customers already in the UK, it is easy to see that our high quality consumable products offered within the RECA range make sense to all professionals in every trade. Every RECA product offers innovation and improved performance to that which is standard within the industry.

RECA-UK LTD has a sales force of over 80 sales professionals giving nationwide coverage, offering technical advice on over 5,500 lines that are available from our distribution facility in West Bromwich, where we offer a next day delivery service as standard.

NEW FOR 2020! RECA's first trade counter is now open in West Bromwich, conveniently located just off J1 of the M5.

What we can offer you?

- **Product Quality** – The cornerstone of success for the entire group. RECA products are designed and specified to German standards so that quality and reliability are guaranteed. RECA are consistently refining and improving products with state-of-the-art technology and new manufacturing techniques to produce and develop an unprecedented range of superior products.
- **Exclusivity** - RECA products are sold exclusively direct to professionals in the metal and construction trades; through our field sales team, telesales, trade counter and e-shop, they are not available through retail or trade distribution.
- **Technical support and backup** – Available either through your local sales representative or our technical customer service team in West Bromwich.

GRASS GmbH Movement Systems

A globally successful group of companies, a fresh brand with tradition and an extraordinary diversity of perspectives – that's GRASS in a nutshell. With sales revenues of 380 million euros in the financial year 2019, more than 1,900 employees at 19 locations and more than 200 distributors in 60 countries, GRASS ranks among the world's leading specialists in movement systems.

As development partner and systems supplier to the furniture industry, GRASS has been creating products which inspire its customers for more than 65 years.
