RECA | CONNECTS. PERFORMS. INSPIRES.

## RECA-UK Product Guide

## INTRODUCTION

---

**RECA**-UK Ltd is part of the European RECA Group, who, with over €600 million turnover, offer massive resources to help give the customer the best possible service.

**RECA**-UK Ltd has a sales force of over 85 sales professionals giving nationwide coverage. Offering technical advice on over 5,500 lines that are available from our distribution facility in West Bromwich (pictured left), we offer a next day delivery service as standard.

With over 10,000 active customers already in the UK, it is easy to see that our high quality consumable products make sense to all professionals in every trade. Every **RECA** product offers innovation and improved performance to that which is standard within the industry.

### Product Quality

The cornerstone of success for the entire group, **RECA** products are designed and specified to German standards so that quality and reliability are guaranteed. **RECA** products are exclusively sold direct to professionals in all trades; they are not available through retail or trade distribution.

**RECA** are consistently refining and improving products with state-of-the-art technology and new manufacturing techniques to produce and develop an unprecedented range of superior products. Although it is not always possible to have the lowest price, we like to think that our competitively priced products provide value for money when tool life, reduced down-time and quicker cut/drill time are considered.

### Technical Support

Available either through your local sales representative or our technical customer service team in West Bromwich.

RECA Group Headquarters

## HSS DRILLS

### GROUND JOBBER DRILLS

Art. No.: 0624

Ground for long life with a 118° split point.

### STUB DRILLS

Art. No.: 0635

Ideal for rivet holes and shallow drilling in sheet metal.

### RECA ULTRA HSS TWIST DRILL

Art. No: 0617

The RECA ultra HSS twist drill combines the best features of other twist drills; 118° cutting angle, a Tricon shaft and oxide treated drill chamfer which reduces heat load on the drill, increasing service life low feed and cutting force. Especially suitable for steel up to 1000 N / mm<sup>2</sup> and cast steel (alloyed and unalloyed), cast iron, malleable cast iron, sintered iron, nickel silver and graphite.

**Tricon shaft:** prevents movement of the drill within the chuck, and enables optimum power transfer to the drill point.

### DOUBLE ENDED DRILLS

Art. No.: 0636

Twice the drilling capacity with equal quality.

### LONG SERIES TWIST DRILLS

Art. No.: 0629

For applications where deeper depths are required.

### MORSE TAPER SHANK DRILLS

Art. No.: 0628

Shaped for machine spindle.

### ULTRA TWIST DRILLS

Art. No.: 0620

135° split point for rapid drilling in sheet metal.

### COBALT DRILLS

Art. No.: 0621

For stainless steel and other harder materials with a 118° split point.

### ULTRA INOX DRILL

Art. No.: 0627 000

A HSS Cobalt drill with 135° turbo cutter and TRICON SHAFT, especially suitable for hard materials such as A2 & A4 stainless and titanium.

### HSS DRILL SETS

Art. No.: Various

Sets available in the 0617, 0620, 0621, 0624, 0625, 0627 ranges.

## HSS TAPS & HOLESAWS

### ULTRA MACHINE TAP

Art. No.: 0643 1

- High quality tap for the most demanding tasks in metal working and fabrication, ideal for through holes in stainless steel.
- Groove geometry with enhanced relief grinding for tough materials.
- TiCN coating for additional protection of the cutting edge.

### HAND TAPS

Art. No.: 0640 / 0639

Taper, second and plug.

### MACHINE TAPS

Art. No.: 0640

Spiral point metric course.

### EVO MACHINE TAP

Art. No.: 0623 8

The unique TRICON shank on these taps offers excellent transfer of force.

Universal use - one for all; Can be used on steel, stainless steel, aluminium, and high strength steels up to 1200N/mm<sup>2</sup>.

### COMBINATION TAPS

Art. No.: 0641

Drill, tap and countersink in one process.

### ROTABROACH TCT CUTTER

Art. No.: 1619

A portable, cost effective alternative to twist drills and broaching cutters with high quality solid carbide tips, for maximum performance and reliability. High quality centre drill spring loaded, for fast waste material ejection.

### ACCELER8% MAX METAL CUTTERS

Art. No.: 0619

With tungsten carbide teeth.

### RECA HOLESAWS

Art. No.: 0609

Constructed of hardened heat and abrasion resistant high speed steel.

### COMBINATION AUGER BITS

Art. No.: 3156

Milled auger twist bit with good chip clearance. Also available in SDS auger.

### FLAT BITS

Art. No.: 3157

Versatile woodworking bits for use with electronic drills at speeds greater than 1000rpm.

### SUPERCUT ROTABORS AND TCT ROTABROACH CUTTERS

Art. No.: 0623

Full range of accessories is also available including pins, countersinks and morse taper adapters.

## CUTTING TOOLS

### 90° COUNTERSINKS

Art. No.: 0692

Can be used in metals, plastics and wood with HSSCO available for stainless steel. Available individually or in sets.

### CONE & STEP DRILLS

Art. No.: 0692

Designed for widening holes in metals, plastics and wood. Step drill set available.

### HANDLE FOR SABRE SAW BLADES

Art. No.: 0605 010 002

Multi purpose handle compatible with sabre saw blades, 1/4" bits and screwdriver blades

### JIGSAW BLADES FOR WOOD

Art. No.: 0604 1\*

Manufactured from chrome vanadium steel. Various applications for all types of wood.

### JIGSAW BLADES FOR METAL

Art. No.: 0604 2\*

Manufactured from chrome vanadium steel. Various applications for all types of metal.

### SABRE SAW BLADES FOR WOOD & METAL

Art. No.: 0605\*

Manufactured from chrome vanadium steel. Various applications for all types of material.

### CIRCULAR SAW BLADES

Art. No.: 0627 / 2617 / 2608 / 3817 / 3819

Ultra clean cuts in wood, plastics, metal, UPVC, copper and other common materials.

### BOSCH MULTICUTTER ACCESSORIES

Art. No.: 2608

A selection of the vast range of multicutter accessories suitable for flooring work and tile and bathroom renovation.

### TREND CUTTING SETS

Art. No.: 2617

1/4" and 1/2" starter cutter sets for decorative woodworking contained within a hard plastic case.

**DID YOU KNOW?**  
RECA-UK offer a full range of power tools to work with our blades.

## SDS AND MASONRY DRILLS

### SPEED-TRON SDS PLUS DRILLS

Art. No.: 0648 5

Fast dust removal with reduced clogging.

### X-TRON SDS MAX DRILLS

Art. No.: 0649 2

4 cutting edges from 16mm.

### SDS MAX MEGA-TRON III BREAKTHROUGH DRILLS

Art. No.: 0649 4

Chisel action to reduce drilling time and vibration.

### CORE DRILLS

Art. No.: 3135

Hardened tooth pattern, available in lightweight or heavy duty

- SDS Plus & SDS Max adapters

### DIAFLEX DIADRILL

Art. No.: 0663

For drilling hard material with M14 flange to fit grinders.

### X-TRON SDS PLUS DRILLS

Art. No.: 0648

A dynamic drill head with unique cutting geometry design which features a full solid carbide tipped head, giving a massive main cutting edge and power shoulders for higher breaking power in concrete, and rebar while the centring tip on the head of the X-Tron is ideal for more exact spot drilling.

### SDS HARDENED CHISELS

Art. No.: 0638

Hardened and tempered for long life. SDS Plus and SDS Max available.

### MASONRY DRILLS

Art. No.: 0637

Percussion drill with straight shank.

### DRY DIAMOND CORES

Art. No.: 3165 0

For accurate, fast clean, cutting or larger diameter holes in masonry.

### WET DIAMOND CORES

Art. No.: 0663

For drilling reinforced concrete.

### SDS ULTRA CHISELS

Art. No.: 0638 7

Extremely resistant to breakage. SDS Plus and SDS Max available.

### UNICON MASONRY DRILLS

Art. No.: 0650

Straight shank, rotary and impact drills for tiles & ceramic, masonry, concrete, timber, laminates & plastics and metal.

### ECO DRY DIAMOND CORES

Art. No.: 3165 1

Range of sizes available including contractors core kit suitable for house bricks.

### SHARPENING STONE

Art. No.: 0664 001 001

A manmade block purposely designed for sharpening diamond blades with particles that abrade the alloy matrix to reveal fresh, sharp diamonds.

## DIAMOND BLADES

### DIAFLEX B

Art. No.: 0661

Particularly long lasting blade when used continually on hard materials such as concrete, reinforced concrete, general building material, cast iron pipe and bricks.

### DIAFLEX ULTRA

Art. No.: 0664

Outstanding cutting performance and speed into even the toughest stone materials and also iron.

Available with X-LOCK fitting (115/125mm).

### DIAFLEX H

Art. No.: 0661 111

Very clean cut for the hardest of materials, with a continuous rim.

### DIAFLEX XL10

Art. No.: 0664

For medium abrasive materials, ideal for concrete repair specialists (including reinforced).

### DID YOU KNOW?

The X-LOCK system comprises an X-shaped interface on the grinders head allowing easy and effortless mounting of discs and accessories.

### DIAFLEX RS10AE

Art. No.: 0664

10mm segment height with hard bond for use in asphalt, stone or block.

### DIAFLEX A60/C40 COMBI

Art. No.: 0663

With TCT tips for a longer life; for use on asphalt and abrasive concrete.

### DIAFLEX ALL CUT

Art. No.: 0662

Electroplated, segmented, highly aggressive cutting disc for universal use.

### DIAFLEX RS10FE

Art. No.: 0664

Steel and concrete blade with 10.5mm segment height.

### DIAFLEX RS10M

Art. No.: 0664

For the removal of mortar between brickwork with wide channels to remove the spoil.

### DIAFLEX DUO

Art. No.: 0662

Specialist and unique diamond blade for cutting and grinding material.

## ABRASIVES

### RECA F/S MOP

**Art. No.: 0666 515**

RECA's best performing flap disc, with an offset plastic backing pad. Can be used on steel, cast iron and stainless steel.

### RECA ECO FLAP DISCS

**Art. No.: 0666 011**

Zirconium flap wheel with integrated backing pad, available in 115mm, 40, 60 or 80 grit.

### COMPACT SEG & FINISH

**Art. No.: 0668**

A 12mm fleece compact disc for fine sanding with an innovative backing plate that provides an excellent cooling effect, improving air supply to the work piece, reducing grinding temperature.

### ELA-MOP

**Art. No.: 0666 1**

Long life with wave free finish. Available in 115-125mm, 40 to 120 grit.

### RECA R MOP

**Art. No.: 0666**

High quality ceramic flap discs with offset backing pad. 40 or 60 grit available.

### MAGNUM FLEECE POLI MOP

**Art. No.: 0666 811**

A compact micro fibre mop for polishing all metal, available in 115mm, 80 to 600 grit.

### CLEAN MOP

**Art. No.: 0666 912 546**

Cleans all metals, available in 125mm only.

### ALUMINIUM OXIDE FIBRE & ZIRCONIUM DISCS

**Art. No.: 0665**

### CERAMIC FIBRE DISCS

**Art. No.: 0665 511 50**

Premium, long life discs, available in 115mm, 36 and 60 grit.

### DISCS WITH FASTLOCK SYSTEM

**Art. No.: 0668**

Fastlock system allows discs to be changed quickly and easily.

### HERMES DISCS

**Art. No.: 0697**

Self stick or velcro. 40 grit to 400 grit.

### PAPER ROLL & CLOTH SANDING BELTS

**Art. No.: 1107 - 0673**

40 grit to 240 grit.

### NON WOVEN ROLLS

**Art. No.: 0672**

Abrasive hand pad on a roll (115mm x 10m) or in pre-cut pads (130 x 60mm) available in a pack of 10.

### ROTARY DRUM MOPS

**Art. No.: 0674**

A range of rotary drum sanders is available to blend, grind and clean.

### WIRE BRUSHES

**Art. No.: 2695**

For angle grinders or shaft mounted for drills.

### ABRASIVE BELTS

**Art. No.: 0676**

Zirconium for sanding stainless steel and mild steel.

For use with **RECASAT MACHINE** **Art. No.: 0674 99**

## CUTTING / GRINDING DISCS

### HYBRID CUTTING DISC

Art. No.: 0670 130 125

The production process of this blade enables smooth, precise and extremely fast cutting from the outset.

### ULTRA 2 in 1

Art. No.: 0670 002\*

The fastest cutting disc in our range, for precise burr free cuts. Available in 0.75mm and 1mm cutting discs - 0.75mm is ideal for cutting thin sheet steel/ stainless.

### A1 CUTTING DISC

Art. No.: 0670 050

Bestselling combination disc for all round performance in either stainless or mild steel.

Fast, cool cuts in many materials

### F1i / F1s CUTTING DISCS

Art. No.: 0670

Ultra fast cutting in stainless steel / mild steel

### T2 CUTTING DISC

Art. No.: 0670 030

2.5mm disc that gives super fast, efficient cutting.

### T6 GRINDING DISC

Art. No.: 0669 030

Cool, effortless grinding with maximum stock removal

### RECAMIC GRINDING DISC

Art. No.: 0669 5

Ceramic abrasive grain for steel and stainless steel.

### ALUMINIUM CUTTING DISCS

Art. No.: 0670 120

For cutting softer materials such as aluminium, copper and zinc. Available in 1.5mm and 1mm thickness.

### MULTI-CUT DISC

Art. No.: 0670 200

A carbide tipped cutting disc for universal applications.

### R/Q DISC

Art. No.: 0670 022

A universal disc that will cut as well as a standard disc but can also be used for intermittent grinding.

### DID YOU KNOW?

RECA-UK offer a full range of machines for use with our discs

## ASSEMBLY FIXINGS

### PAN-HEAD DIN 7504-N

Art. No.: 0211 Zinc  
Art. No.: 0211 142 S/Steel  
Steel case hardened for metal to metal applications.

### COUNTERSUNK DIN 7504-P

Art. No.: 0212 Zinc  
Art. No.: 0212 142 Stainless Steel  
Steel case hardened for metal to metal applications.

### HEX-HEAD DIN 7504-K

Art. No.: 0214 Zinc  
Steel case hardened for metal to metal applications.

### PAN-HEAD SQUARE DRIVE

Art. No.: 0210 Zinc  
DIN 7504-N. Steel case hardened for metal to metal applications.

### PAN-HEAD WITH FIXED WASHER

Art. No.: 0218 Zinc  
Steel case hardened for metal to metal applications.

### COUNTERSUNK RIBBED HEAD

Art. No.: 0212 039  
Steel case hardened for plastic to metal applications. Yellow passivated.

### SLOTTED HEX-HEAD WITH COLLAR

Art. No.: 0214 055 38  
Steel case hardened for metal to metal applications. Extra long tip.

### COUNTERSUNK HEAD DIN 7504-N

Art. No.: 0215  
Steel case hardened for wood to metal applications.

### WINGED SEBS WITH MILLED RIBS

Art. No.: 0219 Zinc  
Steel case hardened for wood to metal applications.

### COUNTERSUNK HEAD 90° METRIC THREAD

Art. No.: 0212 004 Zinc  
Steel case hardened for UPVC reinforced frames.

### HEX HEAD DIN7504-K

Art. No.: 0214 7  
With neoprene washer, ideal for cladding construction.

### MACHINE SCREWS

Art. No.: 0046  
DIN 7985. Pan Head. Cross recessed, Phillips.

### SHEAR NUTS

Art. No.: 0396 100  
M8 - M12

### NYLOC NUTS

Art. No.: 0368 - BZP  
Art. No.: 0391 - Stainless Steel  
DIN 985, M4 - M24

### DOME NUTS

Art. No.: 0356 - BZP  
Art. No.: 0348 - Stainless Steel  
DIN 1587, M5 - M20

### HEXAGON NUTS

Art. No.: 0317 - BZP  
Art. No.: 0322 - S/Steel  
DIN 934, M3 - M30

### FLANGE NUT SERRATED

Art. No.: 0394 - BZP  
Integrated, locking washer. M5 - M12

### WING NUTS

Art. No.: 0342 - BZP  
M4 - M12

### FLAT WASHERS

Art. No.: 0407 - BZP  
Art. No.: 0409 - S/Steel  
DIN 125, M3 - M30

### SPRING WASHERS

Art. No.: 0441 - BZP  
DIN 127, M3 - M20.

### SQUARE PLATE WASHER

Art. No.: 0411 9 - BZP  
DIN 436, M8 - M16

### PENNY WASHERS

Art. No.: 0411 - BZP  
Art. No.: 2411 - S/Steel  
DIN 522, M3 - M16

### LOCK WASHER

Art. No.: 0428 - BZP (Internal)  
Art. No.: 0429 - BZP (External)  
DIN 6798, M5 - M16

## ASSEMBLY FIXINGS

### UPVC WINDOW SCREWS

Art. No.: 6142 Zinc  
Shallow pan countersunk, friction stay screws with self drill point.

### UPVC WINDOW SCREWS

Art. No.: 6143 / 4 Zinc  
Countersunk, Phillips head for reinforced frames with self drill point.

### UPVC WINDOW SCREWS

Art. No.: 6149 - Zinc  
Countersunk, Phillips with self drill point for non-reinforced frames.

### BAYPOLE SCREWS

Art. No.: 6150 - Zinc  
Flange head with Phillips recess drive.

### UPVC WINDOW SCREWS

Art. No.: 6148 - Zinc  
Shallow pan countersunk, friction stay screws with Phillips head.

### SELF TAPPING SCREWS

Art. No.: 0115 - Zinc  
Art. No.: 0119 - Stainless Steel  
DIN 7981.  
Pan-head, Phillips.

### SELF TAPPING SCREWS

Art. No.: 0116 - Zinc  
Art. No.: 0123 - Stainless Steel  
DIN 7982  
Countersunk head, Phillips, cross recessed.

### DRYWALL SCREWS

Art. No.: 6110  
Zinc or phosphate  
for drylining applications.

### BUTTON HEAD SOCKET SCREWS

Art. No.: 0061 - BZP  
Art. No.: 0092 - Stainless Steel  
DIN 7380. Metric head.

### ROOFING BOLTS & NUTS

Art. No.: 1223 - BZP  
Smooth low profile head.

### COUNTERSUNK HEAD SOCKET SCREWS

Art. No.: 0089 - SC / BZP  
Art. No.: 0100  
Stainless Steel  
DIN 912.  
Metric thread.

### COACH BOLTS AND NUTS

Art. No.: 0223 - BZP  
DIN 603.  
Square shank.

### HEXAGON HEAD SET SCREWS

Art. No.: 0057 - Zinc  
Art. No.: 0096 - S/Steel  
DIN 933. High tensile 8.8.

### CAP HEAD SOCKET SCREWS

Art. No.: 0084 - Zinc  
Art. No.: 0094 - Stainless Steel  
DIN 912. Metric thread.

### HEXAGON HEAD BOLTS

Art. No.: 0053 - Zinc  
DIN 933 Set screws.  
High tensile 8.8.

### STUDDING - THREADED BAR

Art. No.: 0958 - BZP  
Art. No.: 0954 - Stainless Steel  
Art. No.: 0959 - 8.8 High Tensile  
M6 - M24 in 1m lengths.

### INTERNALLY THREADED SOCKETS

Art. No.: 6522  
For use with resin or capsules.

## WOOD SCREWS

### RAPID® TIMBER WOOD SCREW

Art. No.: 0160\*

Very high quality wood screw, ideal for use in structural wood-work, timber panel construction and interior construction. For all applications in which timber wood screws are used.

- Features robust TX drive, for optimum power transfer.
- Under head milling pockets to prevent surface damage due to splintering or cracking.
- HiLo thread design offers time savings thanks to accelerated screw in process, compared to conventional wood screws (applicable where stated).
- New tip, with core rips, saves time by biting instantly and precisely, significantly lowering cracking effects.
- CE marked.

### CHIPBOARD SCREWS - POZI

Art. No.: 0182 - Stainless Steel

Art. No.: 0186 6 - Yellow Pass.

Art. No.: 0198 6 - Zinc

Full or part threaded.

### BZP WOODSCREWS

Art. No.: 6003 - BZP

Countersunk.

Pozi drive.

### CHIPBOARD SCREWS - TORX

Art. No.: 0154 - Full thread

Art. No.: 0154 1 - Part thread

Yellow passivated.

### HEX HEAD WOODSCREWS

Art. No.: 0192

DIN 571.

### BLIND RIVETS

Art. No.: 0931 - 0944

Body types: Alu-alloy, steel or stainless steel.

Mandrel types: Steel/stainless steel.

Design: Dome head, countersunk, or large head.

### RIVET NUTS

Art. No.: 0917 / 0948

Materials: Alu-alloy, steel.

Platings: Plain, yellow chromate.

Design: Countersunk or flat.

### HAND RIVET TOOLS

Art. No.: 0949

### RIVET NUT TOOLS

Art. No.: 0948

Single or two handed options.

Fast release mechanism.

### RIVET SET

Art. No.: 0949 651

BM 75 Rivet tool.

Four popular rivet sizes.

## ANCHORS - LIGHT DUTY

### PRODRIVA

Art. No.: 6616

Self drilling anchor for use in plasterboard and aerated concrete block. Available in zinc alloy.

### NYLON PLUGS

Art. No.: 0903

High quality nylon. Particularly suited for chipboard screws or hex-head woodscrews.

### PLASTIC PLUGS

Art. No.: 6601

Tough and durable. Boxed on sprue. Wide mouth, self lubricating. Various types available.

### PROBROLLY

Art. No.: 6606

Collapsible metal anchor providing a high strength fixing for cavity applications. All steel - fire resistant.

### WIRE HANGERS

Art. No.: 6550 100 10 One piece wrap around expansion sleeve. Zinc plated corrosion protection.

### ZIP-FIX CAVITY FIXINGS

Art. No.: 6606

Heavy duty wall anchor for plasterboard, cavity walls and ceilings.

### ECO SCREWS

Art. No.: 0233 9

Masonry fixing without the need for a wall plug. Ideal for window applications.

### CARTRIDGE TOOL NAILS

Art. No.: 6221

Hardened. 16-97mm shank. BZP

### HAMMER SCREWS

Art. No.: 0903 6 / 7

Plug: 100% nylon, light grey. Nail: Steel, yellow chromate. Flat or countersunk plug.

### NYLON FRAME ANCHORS

Art. No.: 6646

Heavily profiled body. Two wings prevent rotation.

### FIRST FIX NAILS CE

Art. No.: 0599

### SECOND FIX NAILS

Art. No.: 0599

Galvanised. Compatible with most nailers.

### CABLE TIES

Art. No.: 0502

Available in black or neutral.

### CABLE CLIPS

Art. No.: 6631

Flat and round design.

### PIPE CLIPS

Art. No.: 0592

Lock or open type available.

### PLAS PINS & NAILS

Art. No.: 6220

Stainless steel shank - corrosion resistant.

### MASONRY NAILS

Art. No.: 6201

Through-hardened BZP - corrosion resistant.

## ANCHORS - LIGHT & HEAVY DUTY

### THROUGHBOLTS

Art. No.: 0904

Assembly independent of drilled hole depths. Full load can be applied immediately. Available in zinc, HDG, S/Steel, BZP

### SHIELD ANCHORS

Art. No.: 6501/2/3

Bolt and stud type, high tensile steel bolt with fast expanding cone to allows a positive, quick setting  
Available in bolt, stud & shield type

### HAMMER SET ANCHOR - INTERNAL THREAD

Art. No.: 0904

A concrete fixing that works as a permanent socket.

### SLEEVE ANCHORS

Art. No.: 6517 / 6518

Available in bolt and stud type.  
Elongated expansion sleeve.  
Minimal internal stress - suitable for fixing to brick, hard concrete and stone.

### MKT HIGH LOAD ANCHOR

Art. No.: 0908 - Zinc

High performance anchor for fastening to concrete.  
Nylon compression ring forms moisture barrier by clamping action.  
Available in HEX or CSK head.

### THUNDERBOLT

Art. No.: 0195

A masonry screw anchor for use on cracked and uncracked concrete.  
Reusable and suitable for a range of applications.  
Available in yellow pass. or galvanised

## CHEMICAL INJECTION RESIN

### RECHEM RAPID RESIN

Art. No.: 0912 995

Two part resin system with high tensile strength when cured.

### EPOXY ACRYLATE EA380

Art. No.: 0912 400

Ideal for use in damp or wet substrates.

### STYRENE-FREE RESIN

Art. No.: 0912 380

Non-flammable. Can be used in confined areas.

### CHUBPAC300 MORTAR

Art. No.: 0912 300

Fast curing, two part styrene-free chemical anchor that can be used in confined spaces.

### RECA VMU PLUS RESIN

Art. No.: 0911 003 420

A universal resin injection system for use in cracked and non-cracked concrete solid brick masonry and perforated brick.

### RESIN ACCESSORIES

Art. No.: 6522

Studs, capsules, resin guns, blow-out pumps, sleeves and nozzles are all available.

## RECA VISO ASSORTMENTS & STORAGE

### TYPE A - 5 DRAWER CABINET

Art. No.: 0957 100 - Empty

### TYPE B - 2 DRAWER CABINET

Art. No.: 0957 200

### BENEFITS OF A VISO CASE

- High quality, robust and lightweight case manufactured from ABS.
- Clear plastic lids for easy viewing of product and stock levels.
- Ergonomically designed handle.
- Lockable safety clasp.
- Stackable without slipping.

### VISO ASSORTMENT RECA DRILL BITS

Art. No.: 0956 624

1-10.5mm 120 pieces

### VISO ASSORTMENT HOLESAW SET

Art. No.: 0956 609 001

Universal, 15 pieces

### VISO ASSORTMENT HOSE CLIPS

Art. No.: 0956 539

A2 165 pieces

### VISO ASST. RECA PENNY WASHERS

Art. No.: 0956 411

ZN 1275 pieces

### VISO ASST. CHIPBOARD SCREW

Art. No.: 0956 198

ZN, 1915 pieces

### VISO ASST. HEX-HEAD BOLTS

Art. No.: 0956 057

ZN 600 pieces

### RECA TOOL BAG PROFESSIONAL

Art. No.: 0700 001 204

### RECA TOOL BAG ECO

Art. No.: 0700 001 205

### RECA WORKSHOP TROLLEY

Art. No.: 0706 006 102

1006 x 687 x 480mm (H x W x D).

## HAND TOOLS

### POWER BITS

Art. No.: 0702

Available in Pozi, Phillips, Slotted, Torx and Hexagon Drive.

### INOX BITS

Art. No.: 0702

Prevents rusting from corrosion on stainless steel screws.

### IMPACT BITS

Art. No.: 0702

Able to withstand higher torques, RECA impact bits last up to 5 times longer.

### RECA POWER BITS ASSORTMENTS

### SOCKET SETS

Art. No.: 0700 1

Manufactured from chrome vanadium steel with 6 point rounded profile sockets.

Available in 1/4" and 1/2" sets up to 45 pieces.

### INDIVIDUAL SOCKETS

Art. No.: 0700 1

### COMBINATION SPANNERS

Art. No.: 0700

High quality chrome vanadium steel.

### RECA ADJUSTABLE WRENCHES

Art. No.: 0700 301

Anti-slip handle with smooth opening and reversible jaw.

### RECA TORQUE WRENCH

Art. No.: 0700 501

Used to tighten nuts and bolts to a predetermined torque value. Allows fasteners to be tightened to the proper tension, helping avoid damage from over or under tightening.

### WATER PUMP PLIERS

Art. No.: 0703 8

Manufactured from chrome vanadium electric steel with box joint design and gripping surfaces with special hardened teeth of approx. 61HRC; Low wear and secure gripping.

### COMPOUND TIN SNIPS

Art. No.: 0703 400

Manufactured from chrome molybdenum steel. Two component handle for comfort and built-in spring for self opening.

### PIPE WRENCH

Art. No.: 0703 861 100

Push button adjustment allows quick opening & closing of jaws and one handed operation. Length 325mm.

### RECA SCREWDRIVERS

The blades are manufactured from chrome molydenum vanadium steel with black tip on blade for precision fit.

### ULTRA SCREWDRIVERS & SETS

Art. No.: 0701 5\*

An impact proof core is coated with scratch resistant elastomer containing flexible plastic which fits perfectly in your hand, meaning less strain and work fatigue. It also offers 30% more power/torque, compared with traditional grips. The hexagon bolsters on the shaft can be used to apply extra pressure and torque with a spanner.

### MULTI SCREWDRIVERS & SETS

Art. No.: 0701 9\*

160mm reversible blades and separate two component handle with a soft grip outer material which helps to provide extra torque and also changes easily between straight and T-Handle, without having to remove the blade.

### RECA MULTI VDE SCREWDRIVER SET

Art. No.: 0701 900 001

Features a two-component quick-change handle with push button function for quick and easy change of blades plus a locking mechanism ensures the blade cannot be inadvertently removed. The blade insulation is injection moulded directly on the blade and guarantees safe work up to 1000 volt. Each screwdriver has been individually tested in water bath at 10,000 volt in line with ISO 60900.

### RECA HEX KEY SETS

Art. No.: 0701 7

Standard and compact sets made from tough chrome vanadium steel.

### STANDARD PATTERN PLIERS

Art. No.: 0703

High quality pliers. Combination, diagonal cutters, flat nose, round nose, cable shears and wire strippers.

### ALL STEEL SCREW CLAMPS

Art. No.: 0709

The patented omega bend gives added safety meaning you lose less clamping pressure.

### WELDING CLAMPS

Art. No.: 0703 9

Standard pattern, C-clamp and U-clamp available, for materials of various thicknesses.

### LEVER CLAMPS

Art. No.: Various

## HAND TOOLS

### HACKSAW FRAMES AND BLADES

Art. No.: 0709 / 0603

30mm heavy duty frame.  
18, 24, 32 and progressive teeth  
bi-metal blade.

### KNIVES AND BLADES

Art. No.: 0710 401 61

A full range of trimming and safety knives  
RECA Black blades, included in the  
Ultra range, are specially heat treated  
creating a higher carbon  
content in the steel. This offers  
improved cutting with an  
extremely sharp cutting edge  
and longer service life.

### RECA MEASURING TAPES

Art. No.: 0705

Various lengths of measuring tape  
enclosed in strong ABS plastic case.

### RECA LEVELS

Art. No.: 0705

Aluminium levels up to 1m with rigid  
aluminium profile for measurement. Ideal  
for carpenters, joiners, kitchen builders,  
metalworkers, form workers, construction  
engineers, pipe fitters and many more.

### DIGITAL CALIPER

Art. No.: 0705 725 150

Manufactured from hardened  
stainless steel, allows precise  
measurements to be taken quickly  
and easily.

### PUNCHES AND SCRIBES

Art. No.: 0695 / 0705

Automatic centre punch, Double  
ended scribe and pocket scribe.

### CHISEL AND PUNCH SET

Art. No.: 0704 190

Striking tools comply to DIN  
standards.  
Manufactured  
from hardened  
chrome  
vanadium steel.

### PROFESSIONAL MARKER SET

Art. No.: 0695 900 2

Equally useful on  
coarse and slick  
surfaces. Clutch  
style pen, with  
built in sharpener  
and coloured refills  
available.

### DEEP HOLE MARKER

Art. No.: 0695 900 281

Ideal for drilling and assembly work

### CARPENTERS PENCIL

Art. No.: 0695 900 215

### MASONRY PENCIL

Art. No.: 0695 900 216

### PERMANENT MARKER PENS

Art. No.: 0695 900 3

Available in black, red or blue

### PAINT MARKER PENS

Available in white or yellow

### BATTERIES

Art. No.: 0981 000

Alkaline batteries are the ideal energy  
source for a wide range of day to day  
devices. TUV tested Quality.

## SITE & DECORATING

### LIGHTS AND TORCHES

Art. No.: 0981

Comprehensive collection of lights including a pocket torch, workshop torch and head lamp.

### PAINT BRUSHES & ROLLERS

Art. No.: 0893

Professional and disposable brushes from 1-4" . 9" rollers and 4" mini rollers.

Gloss, emulsion and radiator rollers, frames and trays also available.

### PROTECTIVE SHEETS

Art. No.: 1735

100% cotton sheets to protect from dust, shavings and plaster splashes and self adhesive plastic sheeting for carpets and hard floors.

### RESOURCE RAG

Art. No.: 0892 700 690

An alternative to a wiping rag. Strong wet or dry, maintains its strength even after being rinsed out. Will absorb 6 times its own weight. Box qty 100 wipes.

### CLEANLINE THICK BLEACH

Art. No.: 0892 622 32

A specially formulated thick bleach to give total protection against germs. 5ltr.

### REFUSE & RUBBLE SACKS

Art. No.: 0892

With excellent tear resistance, ideal for site clearance or carrying heavy material.

## ELECTRICAL & SITE / JANITORIAL

### ELECTRICAL RANGE

Art. No.: 2530 00\*

Including cable reel, transformers, RCD plugs, lamps and splitter boxes.

### ELECTRICAL PVC TAPE

Art. No.: 0985 600\*

A lead-free PVC electrical insulation tape, suitable for general electrical insulation work.

### BARRIER FENCING AND TAPE

Art. No.: 2540 / 0985

Hi-Vis barrier fencing. 1m x 50m. 1.2m pins. 70mm x 50m barrier tape.

### FLOOR MARKING TAPE

Art. No.: 0985 100 20

Ideal for demarcation of gangways or walkways within a workshop or warehouse. Can be used for public buildings.

### STANDARD DUCT, POLYCOATED CLOTH & PAPER MASKING TAPE

Art. No.: 0985

### BASSINE BROOM

Art. No.: 0698 100 024

A stiff bassine broom head provides an all round good sweeping performance for dry use.

### BUMPER ROLL & CENTRE FEED ROLLS

Art. No.: 0892 4

Range of heavy duty cleaning paper rolls available in 2 ply or 3 ply. Dispenser available.

### HAND WASH PASTE

Art. No.: 0892 1

Suitable for sensitive skin.

### ARECAL BARRIER CREAM

Art. No.: 0895 920 004

Forms a dry, non-greasy, non-slip protective film for use with highly adhesive, water insoluble substances such as fats, oils, paints, metal dust or resins

### SKIN PROTECTION

Art. No.: 0895 91 (200ml)

**Derma Top** - Waterproof skin protection to be used before work.

**Derma Clean** - Clean your hands on the go. Removes stubborn dirt like oil, grease and grime, fat, paint and ink stains without water.

**Derma Care** - Skin care for all types of skin. Penetrates into the pores creating a fat-free invisible protective layer.

### ARECAL NEUTRAL & NATURAL HAND CLEANER

Art. No.: 0895 921

Silicone, solvent and soap free cleaning lotion for duty or medium to duty cleansing.

## CLEAN & PROTECT

### ARECAL SKIN CARE DISPENSERS

Art. No.: 0895 999

Available individually or in set of three.

### BARRIER CREAM

Art. No.: 0892 200

A waterproof protective cream which works against the effect of direct contact with acids, chemicals etc. 1kg.

### SKIN CARE CREAM

A silicone-free, anti-inflammatory cream. Protects the skin and avoids drying out. 1kg.

### HAND CLEANER

Art. No.: 0892 200

Uses natural products, not synthetic cleaning agents. Contains no alkali so has a neutral PH value.

4kg.

3kg refill.

### FIRST AID KITS, BURNS KIT AND EYE WASH

Art. No.: 7245

All HSE compliant, encased in durable polypropylene boxes. Eyewash stations and sterile pods also available.

First aid accessories available separately.

### DISPOSABLE COVERALLS

Art. No.: 7215

Category III, Type 5 or 6.

Tyvek tear resistant. WDC breathable. Ideal protection.

### WORK TROUSERS

Art. No.: 7215

Polycotton work trousers with 7 zip pockets, double seat and knee patches. Weatherproof multi pocket trousers with reinforced knee pads and fully lined for extra comfort.

### BOILERSUITS

Art. No.: 7215

Standard 245g polycotton boiler suit and Proban® coated flame retardant boilersuit to EN531 & EN470.

### HI-VIS CLOTHING

Art. No.: 7215

Full range includes fully waterproof padded, hooded jackets, waterproof trousers, waistcoats to EN471 Class 2 and body warmer and rain suit.

Available in yellow and orange.

### WATERPROOF CLOTHING

Art. No.: 7215

Options include two piece suits in hi-vis or trousers only.

### SAFETY FOOTWEAR

Art. No.: 7232 110

Available in trainers shoe, trainer boot and hiker boot styles with 200 joule steel toe caps.

## PERSONAL PROTECTIVE EQUIPMENT

### RECA FLEXLITE/FLEXLITE GRIP GLOVES

Art. No.: 0687 925 / 926\*

Universal assembly glove with a microporous water-based PU coating on the palm. The Flexlite grip glove provides excellent grip even in oily conditions while retaining a very good level of touch sensitivity. Conforms to EN388 4.1.3.1

### RECA PROTECT GLOVES

Art. No.: 0687 932\*

Seamless knitted glove with coated palm and fingers for good dry grip performance and excellent resistance against cuts and abrasion plus cut resistance performance upto level E.

### DISPOSABLE GLOVES

Art. No.: 7210 1

Nitrile, vinyl and latex disposable gloves.

### LARGE SELECTION OF PROTECTIVE GLOVES

Art. No.: Various

### EAR PLUGS

Art. No.: 0687

A PU foam conical ear plug providing outstanding noise protection and comfort - Ideal for long periods of use within a working day.

### EAR DEFENDERS

Art. No.: 7220

Range from general purpose to fully adjustable. All to EN352.

### SAFETY GLASSES & GOGGLES

Art. No.: 7225

A wide selection of modern styles

### DISPOSABLE MASKS

Art. No.: 0687 / 7235

Range of valved masks FFP1, FFP2, and FFP3.

### ELIPSE HALF MASK

Art. No.: 7235

Lightweight mask that fits perfectly to the face. Ideal for everyday use in construction and more demanding environments. Replacement filters available.

### HEAD PROTECTION

Art. No.: 7220 10

Basic style with PE harness. Premium style with comfort terylene harnesses.

## ARECAL: LUBRICATE & OIL

### FOAM CUT

Art. No.: 0896 414 400

A high performance foaming cutting oil for most metal tasks. The foaming action ensures the lubricant penetrates to the edges. 400ml.

### BIO CUT CUTTING OIL

Art. No.: 0896 41

High quality cutting oil for tool life when drilling, cutting or milling. Reduces friction and heat to reduce cutting times. Available in 400ml or 10l.

### ULTRA MULTIFUNCTION SPRAY

Art. No.: 0896 115 400

Multipurpose penetrant, lubricant and water displacer to cleans and maintain plastic parts. Available in 400ml or 5l.

### LONG LUB

Art. No.: 0896 211 400

A long life lubricant with excellent creeping and adhesion properties. Weather resistant. Also available in H1 **Food safe** 400ml.

### ROSTEX

Art. No.: 0896 011 300

Specialist rust breaker that penetrates, protects and lubricates. Excellent creeping properties. Contains 98% active ingredient. 300ml.

### ROSTSHOCK

Art. No.: 0896 311 400

A penetrating oil with excellent creeping qualities. Loosens corrosion by freezing materials to -40° in a fraction of a second. 400ml.

### MULTI GREASE

Art. No.: 0896 821 400

Reliable, long lasting, oxidation resistant lubrication. Excellent corrosion protection. Available in H1 **Food Safe** version 400g.

### TEF CLEAR

Art. No.: 0896

A synthetic non oiling, dry lubricant. Contains 25% PTFE which is used as non stick coating. Reduces friction, wear and energy consumption. 400ml.

### THERMO 800

Art. No.: 0896 513 400

A temperature resistant, copper based lubricant. Prevents wear and seizing of static fasteners and provides long term corrosion protection. 400ml.

### SILICON 20

Art. No.: 0895 312 500

Protects, cleans and lubricates. Prevents squeaking and static. Lubricates rollers and rails. 500ml.

## ARECAL: CLEANING & CARE

### INOX FINISH (400ml)

Art. No.: 0895 110 400

Removes minor imperfections.

Also available in **H1 Food safe**.

### INOX CLEANER (500ml)

Art. No.: 0895 112 500

Cleans and protects stainless surfaces without residue.

### FOOD SAFE ARECAL PRODUCTS

**H1** - Food-grade lubricants used in food processing environments with a possibility of incidental food contact.

**H2** - Are food-grade lubricants used on equipment and machine parts where there is no possibility of contact.

**H3** - Are food grade lubricants, typically edible oils, used to prevent rust on hooks, trolleys and similar equipment.

The Arecal range of food safe products all have NSF approvals.

### CLEAN

Art. No.: 0895 014 500

Ideal for cleaning and degreasing during maintenance and repair work, Clean is non-corrosive and acetone-free offering greater material compatibility with plastics, seals etc.

### NOVACLEAN

Art. No.: 0895 011 500

Ultra fast cleaner ideal for cleaning and degreasing metals, glass and ceramics. Removes dirt, grease, oil, paint and asphalt. Available in 500ml or 10l.

### TOPCLEAN

Art. No.: 0895 411 500

All round cleaner for all industrial and domestic applications. Removes oil, grease and light adhesives from many surfaces. 500ml.

### UNICLEAN PLUS

Art. No.: 0895 214 400

Multi purpose cleaner. Foaming action that gently lifts dirt, grease, oil and glue from glass, metal, ceramics and fabrics. 400ml.

### IPA CLEANER

Art. No.: 0895 012 400

A cleaning spray ideal for cleaning plastic surfaces prior to painting/priming or applying adhesive. Evaporates completely after a short period of time without leaving any residue.

### COCKPIT FRESH AIR SPRAY

Art. No.: 0895 011 400

Cockpit spray with "new car" scent - very well suited for all plastic parts in a car interior and for rubber mats.

### INSIDER SPRAY

Art. No.: 0895 216 400

Universal cleaner for vehicle interiors, this product cleans almost all of the surfaces gently yet thoroughly.

### STARTER SPRAY

Art. No.: 0894 020 300

Improves the start-up behaviour of 2-stroke and 4-stroke petrol and diesel engines, especially when wet and cold. 300ml aerosol.

### LEAK DETECTOR

Art. No.: 0894 010 400

Leak tester for pressurised gas, hot gas and compressed air of all types. Non-flammable and protects against corrosion. 400ml aerosol.

## ARECAL: MARKING & PAINTING

### USD MARKER

Art. No.: 0897 4

Surveying and construction marker, adheres to multiple surfaces. Features a twist cap which prevents accidental spraying, and can even be used for overhead spraying! 500ml aerosol.

### PAINTS & PRIMER

Art. No.: 0897 2

Range of high quality RAL reference top coat paints with excellent build up properties. Fast drying times and excellent weather resistance. 400ml.

### CORRO INOX

Art. No.: 0897 132 400

Can be used as a primer or top coat. Gives an excellent Stainless Steel colour match. 400ml.

### ALU 800

Art. No.: 0897 122 400

99% pure aluminium spray. 400ml.

### GALVA ZINC

Art. No.: 0897 11

Bright zinc spray with 90% zinc content. A lower priced alternative with 30g less zinc also available. 400ml.

### GALVA ZINC PASTE

Art. No.: 0897 900

A brushable paste that provides long term protection against corrosion. Two to three coats on the repaired surface will provide the required layer thickness to DIN 50 976 and is temperature resistance up to 300°C.

### WELDSPRAY/ECO

Art. No.: 0897 011 400

Silicone free, aqueous based, biodegradable anti-spatter spray. Also available in Eco. Available in 400ml or 10l.

### CERESIT 132 uPVC SOLVENT CLEANER

Art. No.: 1732 810 00

Removes grime, excess grease, ingrained marks and uncured sealant from uPVC frames. Solvent-based, fast acting industrial grade cleaner. 1ltr.

### CERESIT 133 HEAVY DUTY GLASS CLEANER

Art. No.: 1732 820 00

For use on glass, windows, mirrors, tiling, stainless steel & chrome. Non-smearing and fast acting. 1ltr.

### DID YOU KNOW?

RECA-UK have a range of chemicals available in bulk containers plus a 1l spray bottle for easy decanting. Ask your Area Representative for more information.

## SCAR AUTOMOTIVE RANGE

### MOLIB 100 BIO SULPHIDE GREASE SPRAY

Art. No.: 8911 081 00

For the lubrication of threads, gears, bearings, chains etc where strong temperature changes occur.

### VASELINE SPRAY

Art. No.: 8912 101 00

For lubrication of mechanical parts; gears, dies, blades, door hinges, mechanisms, curtain rails, car parts.

### BRILLY FOAM EFFECT GLASS CLEANER

Art. No.: 8911 501 00

A foaming formula that cleans quickly, its special formula is suited for use on crystal, glass, ceramics, chrome & mirrors.

### TYRE SHINE

Art. No.: 8911 000 57

Polishing spray for plastic and rubber parts. Water repellent and antistatic effect.

### TAR REMOVER SPRAY

Art. No.: 8911 001 70

Specifically for the removal of tar, resin and glue residues from the vehicle body.

### RADIATOR STOP LEAK

Art. No.: 8905 000 70

Seals micro cracks in the radiator, engine block, cylinder head & hoses.

### RADIATOR CLEANER & CONDITIONER

Art. No.: 8905 000 80

Neutralizes calcium residues and dissolves oily and fatty residues.

### WHITE GREASE LUBRICANT

Art. No.: 8911 010 04

Water-repellent with excellent resistance to atmospheric agents and saltiness, for lubrication of mechanical parts.

### COPPER GREASE SPRAY

Art. No.: 8919 001 00

Anti-seize copper grease lubricant with high temperature resistance to 1100°C.

### NO FOG

Art. No.: 8911 001 46

To avoid fogging of glass, windows & the windshield, also effective on clearing already fogged glass.

### NANOGLASS SPRAY AND ACTIVATOR

Art. No.: 8902 002

Glass treated with this product will repel water droplets leaving the surface virtually dry in seconds.

### RIN PLAST

Art. No.: 8911 061 00

Polish for plastic parts that restores the original appearance & prevents further dust formation.

### PROCLEAN SPRAY

Art. No.: 8909 102 50

Dry, cleaning spray for electrical contacts and circuits. Removes dirt & oil without affecting the material.

### CARBURETTOR CLEANER

Art. No.: 8911 000 60

For internal and external cleaning of carburetors, intake systems and injection engines.

### NO CORR BATTERY TERMINAL SPRAY

Art. No.: 8911 701 00

An anti-acid protection for battery terminals, electrical connectors and ignition cables.

### RAPID START

Art. No.: 8911 701 00

Facilitates and enables the immediate start up of engines even at low temperatures. Allows a quick engine start without stress and prevents battery wear, thus prolonging its life.

### AUTOMOTIVE FLUIDS

Art. No.: Various

Screenwash, anti-freeze and de-icer, Brake And Clutch Fluid and Adblue available in various sizes.

## SILICONES, FOAMS & SEALANTS

### GENERAL PURPOSE SILICONE

Art. No.: 1732\*

For the most common sealing tasks.

### SANITARY SILICONE

Art. No.: 1732\*

Designed for applications in damp, humid environments; silicones with a built in resistance to fungus and mould.

### HIGH PERFORMANCE SILICONE

Art. No.: 1732\*

A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

### FUSION TECHNOLOGY

Art. No.: 1732\*

A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

### ACRYLIC SEALANT

Art. No.: 1732\*

High performance acrylic caulk, ideal for filling gaps and cracks and overpaintable when dry.

### DUCT SEALANT

Art. No.: 1732 390\*

A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

### NULLFIRE FF197 FIRE RATED FOAM

Art. No.: 1732 750 000

A modified single component fire rated polyurethane foam, used to seal door frames, window frames and linear gaps throughout the fire-rated areas of a building. 750ml

### FIRE RETARDANT SILICONE / ACRYLIC SEALANT

Art. No.: 1732 340 / 400

A fire-stop silicone which can withstand fire for up to 4 hours. Gives a firm but flexible fire seal while providing acoustic and air seal.

### STRUCTURAL ACRYLIC

Art. No.: 1751 300 60

High performance bonding agent for use on steel, aluminium, fibreglass, and plastics. 50ml.

HAND GUN

Art. No.: 1751 4 50

## SILICONES, FOAMS & ADHESIVE

### GRAB ADHESIVE

Art. No.: 1732 500\*

With strong initial grab, this range offers internal and external applications, with different features to each product.

### HIGH GRIP ORIGINAL

Art. No.: 1732 500 20

Fast setting panel adhesive with quick initial grab time and excellent gap filling properties. Suitable for adhesion to most building materials.

### SOLVENT-FREE HIGH GRIP

Art. No.: 1732 500 30

A highly versatile, high strength grab adhesive with Excellent adhesion to brick, concrete, block works, wood and plasterboard. 380ml

### PU230 D4 ADHESIVE

Art. No.: 1732 660 00

Quick curing thixotropic PU adhesive. Exceptionally high bond strength and waterproof.

### POLYURETHANE FOAM

Art. No.: 1732 700 0

Polyurethane expanding foam with excellent filling and sealing in all general purpose applications. Available in hand held or gun versions.

### UNIBOND FT101

Art. No.: 1732 380 00

Advanced MS Polymer for all sealing, bonding and gap filling. Innovative 'Flextech' technology.

### MIGHTY STRENGTH PU

Art. No.: 1732 421 00

A super fast moisture curing adhesive that gives excellent bond strength to most building substrates. Heat and humidity resistant.

### LEAD SHEET SEALANT

Art. No.: 1701 710 99

Good adhesion to lead and most roofing substrates. Permanent weatherproof seal.

### MULTI-USE CONSTRUCTION FOAM ADHESIVE

Art. No.: 1732 665 70

A rapid gun grade polyurethane foam adhesive with high strength performance on timber, bricks/blocks and a wide range of construction materials.

### WHITE TEQ PU FOAM

Art. No.: 1732 700

White polymer foam, based on purified ingredients to achieve superior performance - The cured foam excels with unique QUATTRO qualities; 4 x more dense structure providing improved thermal and sound insulation.

### PU GUN CLEANER

Art. No.: 1732 700 10

Used to clean foam gun after each use to prolong the useful life of the gun.

### ALL WEATHER SEALANT

Art. No.: 1732 370 05

A universal co-polymer sealant that can be used for emergency building and roofing repairs. Can be applied in wet weather and damp conditions.

## WOOD ADHESIVE & CARE

### PU012 D4 PU ADHESIVE

Art. No.: 1732 666 75

### PU220 D4 FAST-SET ADHESIVE

Art. No.: 1732 655 00

Exceptionally high bond strength.

Fixes most building materials.

Water resistant.

### CY300 ADHESIVE & ACTIVATOR

Art. No.: 1732 610 0

Liquid cyanoacrylate, medium viscosity super glue for porous and non-porous substrates (not pictured).

### CY340 ADHESIVE KIT

Art. No.: 1732 610 050

Two-part kit comprising high viscosity adhesive and activator. With excellent gap filling properties for uneven materials.

### GP CONTACT ADHESIVE

Art. No.: 1761 119 59

General and multi purpose contact adhesive.

Suitable for bonding many substrates; rubbers, timbers, foams etc.

5ltr.

### D3 PVA ADHESIVE

Art. No.: 1732 620

A premium PVA adhesive suitable for internal and external applications where resistance to water is required. Ideal for bonding wood, decorative laminates, chipboard, blockboard, veneers and similar materials.

Conforms to EN204 D3 BS4071

### TIMBAFIL

Art. No.: 1741 110 19 - 69

Two-part polyester wood filler for all surface imperfections in wood. Available in 6 colours.

770ml.

### CASCAMITE WOOD GLUE

Art. No.: 1761 300

A high strength wood glue capable of producing bonds stronger than wood itself.

No separate hardener required.

### LINSEED OIL PUTTY

Art. No.: 1741 910

A hand applied, setting-type glazing putty for the external face glazing of door and window frames. It is over paintable and suitable for use on uneven frames.

Available in 1kg or 5kg.

### ADHESIVE REMOVER

Art. No.: 0893 100 009

A remover for excess adhesive.

Dissolves excess adhesive, and absorbing liquid residue. Size 20gm

### FOAM APPLICATOR GUNS

Art. No.: 0891 155 / 156

Metal body, robust design for one hand application.

### SKELETON GUNS

Art. No.: 1732 / 1791

Standard skeleton application gun for cartridges up to 400ml. Economy and professional Cox Wexford application guns for 310 and 380ml cartridges.

## POWER TOOLS

RECA-UK WORK IN CONJUNCTION WITH THE FOLLOWING BRANDS TO COMPLEMENT OUR RANGE:

**BOSCH**  
Invented for life

**STIHL**

**Rotabroach**

**Powerbor**

Take a look at our product catalogue and additional brochures at  
[www.reca-uk.com](http://www.reca-uk.com)

Our extensive range of products are also available at [eshop.reca-uk](http://eshop.reca-uk)  
and at our Trade Counter on Doranda Way, West Bromwich, B71 4LU

## RECA: THE SERVICE CONCEPT

RECA-UK OFFER OTHER SERVICES ALONGSIDE THE EXTENSIVE PRODUCT RANGE

### RECA SeCo offers you:

#### Time savings:

Easily and quickly find your consumables. Stock evaluation and re-ordering is completed by your RECA representative.

#### Clear overview of the inventory:

Every product is clearly marked making it easy to see stock levels.

Free of charge installation and maintenance service.

**Decrease costs** by optimising your stock - increase or decrease your inventories according to demand.

**Flexibility in Products:** Determine your ideal stock levels - tailored for your needs and changeable at any time.

Your RECA representative will ensure the tidiness of your storage system each time they visit - You benefit from a reliable image within your own company, and with your customers.

**An ideal warehouse management solution!**
