## Product Guide

## RECA-UK

**RECA**-UK Ltd is part of the European **RECA** Group (headquarters pictured below, right) who, with over €600 million turnover, offer massive resources to help give the customer the best possible service.

**RECA**-UK Ltd has a sales force of over 85 sales professionals giving nationwide coverage. Offering technical advice on over 5,000 lines available from their distribution facility in West Bromwich (pictured below, left), where a next day delivery service is offered as standard.

With over 10,000 active customers already in the UK, it is easy to see that our high quality consumable products and tools make sense to all professionals in every trade. Every **RECA** product offers innovation and improved performance to that which is standard within the industry.

In 2019, **RECA**-UK Ltd celebrate 25 years of serving the UK with a new collaboration with SCAR S.r.l.

## INTRODUCTION TO SCAR

SCAR was established in 1973 under the name of Società Commerciale Auto Ricambi (Auto Spare Parts Company) with the intention of specialising in the sales and marketing of accessories for heavy vehicles.

In 1980, SCAR was acquired by the **RECA** Group, becoming part of an international company, which significantly increased its prestige and with it, the product turnover.

In 1998, SCAR founded its Agricultural section with specialised agents and an increased range of products on offer. Between 1999 and 2000 SCAR experienced a time of strong growth and expansion, expanding outside of Italy and into Spanish territory with the partnership of **RECA** Hispania.

In 2019, SCAR products are now available in the UK, only through **RECA**-UK Ltd.

### CONCENTRATED ALL SEASONS SCREENWASH

With no-smear formulation, available in various sizes.

Art. No.: SHX

### READY TO USE BLUE SCREENWASH

With no-smear formulation, removes dirt, oil, TFR, salt, grease and insect deposits. Available in various sizes.

Art. No.: SHXR

### READY TO USE BLUE ANTIFREEZE

All year round protection for all kinds of engines, available in various sizes.

Art. No.: SHA

### CONCENTRATED BLUE ANTIFREEZE

Offers two years protection for all kinds of engines. Available in various sizes.

Art. No.: AFB

### 100% CONCENTRATED RED ANTIFREEZE

Prevents rust and corrosion and cools the engine. Available in various sizes.

Art. No.: SHA

### 50/50 CONCENTRATED RED ANTIFREEZE

Long life 5 year protection  
-25°C at 50% dilution  
Available in various sizes.

Art. No.: AFR

## CHEMICALS

### PASSENGER CAR MOTOR OIL & HEAVY DUTY DIESEL OIL

High performance engine oil for car & commercial vehicles that meet or exceed most vehicle manufacturers specification. Blended in the UK to ensure quality, good resistance to oxidation, optimal cleanliness and wear protection offering extended time between oil changes and fuel savings. Available in 20 and 199 litres containers - other sizes available on request.

Art. No.: PCM (Passenger Car)

Art. No.: HDD (Heavy Duty Diesel)

### RTV BLACK SILICONE

High quality adhesive & sealing compound with excellent resistance to chemicals like oils, refrigerants and anti-freeze. The compressed-air can format allows for easy dosing without the need for additional aids while the non-corrosive properties means it can also be used in critical areas when in contact with other fluids.

Art. No.: 8913 002 60 (200ml)

### RADIATOR SEAL

Suitable for all engines with a cooling system, SCAR Radiator Seal seals hairline fractures & small leaks in the radiator, engine block, cylinder head and hoses, prevents loss of cooling water and protects against engine damage.

Art. No.: 8905 000 70 (300ml)

### RADIATOR CLEANER & CONDITIONER

Removes deposits in the cooling circuit, cleans contaminants out of the cooling system and neutralizes lime residue with an alkaline range of 9-11. Suitable for all engine types and compatible with anti-freeze.

Art. No.: 8905 000 80 (1litre)

## LUBRICATION

### WHITE GREASE LUBRICANT SPRAY

- Water-repellent.
- Excellent resistance to atmospheric agents and saltiness.
- Non-drip - can be applied in any position.
- Lubrication of mechanical parts in ships, boats, agricultural vehicles (transmission shafts).
- Can be used on mechanical transmissions like chains, forklift trucks also hinges, pistons, door guides and seats.

Art. No.: 8911 010 04 (400ml)

### BIO SULPHIDE GREASE SPRAY

- Lubrication of threads, gears, bearings, chains.
- Resistant to high temperatures, washing and oxidation
- Suitable for stress points where high temperatures (700°C) are reached.
- Lubricates parts where strong temperature changes (from -10°C to +700°C) occur.
- Suitable for lubricating ball bearings, heaters, gears, furnace chains, nuts, parts of boilers, steel ropes etc.

Art. No.: 8911 081 00 (400ml)

### THERMO 800

A temperature resistant, copper based lubricant which prevents wear and seizing of static fasteners and mechanisms prone to seizure. Provides long term corrosion protection.

Art. No. 0896 513 400 (400ml)

### RECA LONG LUB

A long life lubricant with excellent creeping, adhesion properties and weather resistance.

Art. No. 0896 211 400 (400ml)

### TEF CLEAR

A synthetic non-oiling, dry lubricant which reduces friction, wear and energy consumption. Contains 25% PTFE which is used as a non stick coating.

Art. No. 0896 711 400 (400ml)

### SILICON 20

Protects, cleans, lubricates and prevents squeaking and static.

Art. No. 0895 312 500 (500ml)

## LUBRICATION

### VASELINE SPRAY

- Lubrication of mechanical parts, gears, dies, blades, door hinges, mechanisms, curtain rails, car parts.
- Applications where a very penetrating lubricant is needed.
- Suitable on plastics and rubber too.
- Can be used in mechanisms at high RPM.
- Does not contain silicone or solvents.
- Colourless and odourless.

Art. No.: 8912 101 00 (400ml)

### NO CORR BATTERY TERMINAL SPRAY

- Anti acid protection for battery terminals, electrical connectors and ignition cables.
- Resistant to temperature variations.
- Prevents transfer of resistance and voltage drops, thus extending the service life of the battery.
- Resists from -20°C to +50°C
- For use in Automotive, Mechanical workshops, Ironmongery etc.

Art. No.: 8911 701 00 (400ml)

### COPPER GREASE COMPOUND

- Protection from corrosion.
- Operating temperature -20°C to +1100°C
- Prevents disc brake squealing.
- Protection for wheel nuts, battery terminals.

Art. No.: SGPG

### DOT 4 BRAKE AND CLUTCH FLUID

Suitable for all disc and drum braking systems. Available in various sizes.

Art. No.: SHE

### DOT 5.1 BRAKE AND CLUTCH FLUID

Suitable for ABS braking systems. Available in various sizes.

Art. No.: SHEA

## CLEANING

### CARBURETTOR CLEANER

- Internal and external cleaning of carburettors, intake systems and injection engines.
- Removes oily or carbon residues, gums and sulphides contained within petrol and diesel.
- Improves engine performance, solves irregular idling and acceleration gaps.
- Helps reduce fuel consumption and polluting emissions

Art. No.: 8911 000 60 (400ml)

### PRO CLEAN SPRAY

- Dry, cleaning spray for electrical contacts and circuits, electronic components, office machines, electronic cards etc.
- Removes dirt & oil without leaving a oily residue.
- Extremely pure with low density, expands quickly and evenly.
- Does not affect plastic or rubber materials.

Art. No.: 8909 102 50 (200ml)

### BRAKE AND CLUTCH CLEANER

Fast and effective removal of dirt and grease which helps the braking system operate more efficiently.

Available in 5 Litre and 25 Litre sizes.

Art. No.: SGBC

### UNICLEAN PLUS

Multi-purpose cleaner with foaming action that gently lifts dirt, grease, oil and glue from glass, metal, ceramics and fabrics.

Art. No.: 0895 214 400 (400ml)

### NOVACLEAN

Ultra-fast cleaner ideal for cleaning and degreasing metals, glass and ceramics. Removes dirt, grease, oil, paint and asphalt.

Art. No.: 0895 011 500 (500ml)

### TYRE SHINE

Polishing spray for plastic and rubber parts to restore shine and eliminate dirt generated by wear and weather on tyres and mats. Water repellent and antistatic effect. Extends the life of all rubber parts.

Art. No.: 8911 000 57 (400ml)

## CLEANING

### UNIBOND 133 HEAVY DUTY GLASS CLEANER

Non-smearing and fast acting cleaner for use on glass, windows, mirrors, tiling, stainless steel & chrome.

Art. No.: 1732 820 00 (1 litre)

### FOAM EFFECT GLASS CLEANER

Scented detergent for cleaning glass, mirrors, LCD displays and computer boards, with foaming effect formulation that acts on dirt.

Art. No.: 8911 501 00 (400ml)

### NANOGLASS SPRAY AND ACTIVATOR

Glass treated with this product will repel water droplets leaving the surface virtually dry in seconds. The hydrophobic effect can last up to two years.

Art. No.: 8902 002 11 (Spray)

Art. No.: 8902 002 16 (Activator)

### TOPCLEAN

All round cleaner for all industrial and domestic applications to remove oil, grease and light adhesives from many surfaces.

Art. No.: 0895 411 500 (500ml)

### BUMPER ROLL

Range of economical wipes made from recycled fibres. Highly effective for everyday wiping tasks.

### CENTRE FEED ROLL

Available in Absorbent variety - for spills (46m x 220mm x 160mm) - or Economical - for day to day wiping (150m x 220mm x 200mm). Flip front dispenser available.

Art. No.: 0892 440\*

### BLUE BUMPER ROLL

Lighter weight wipe which combines softness with bulk.

Art. No.: 0892 400 400 (3 ply - 370m)

Art. No.: 0892 310 37 (2 ply - 350m)

### RESOURCE RAG

A strong alternative to a wiping rag, it maintains its strength even after being rinsed out and will absorb 6 times its own weight.

Art. No. 0892 (Box - 100 wipes)

### DID YOU KNOW?

## AEROSOLS

### TAR REMOVER SPRAY

Specifically for the removal of tar, resin and glue residues from the vehicle body with a quick and easy application. Also suitable for use on metal, rubber, plastic, rims and on the under body of the vehicle.

Art. No.: 8911 001 70 (400ml)

### RIN PLAST SPRAY

Polish for plastic parts which restores the original appearance of the surface and prevents further dust formation. Contains special silicones that create a protective film to withstand atmospheric agents and detergents and protects against UV rays.

Art. No.: 8911 061 00 (400ml)

### RAPID START SPRAY

Facilitates and enables the immediate start up of engines even at low temperatures. Allows a quick engine start without stress and prevents battery wear, thus prolonging its life.

Art. No.: 8911 000 55 (400ml)

### ULTRA MULTIFUNCTION SPRAY

Multi-purpose penetrative lubricant and water displacer, which cleans and maintains plastic parts.

Art. No.: 0896 115 400 (400ml)

### WELDSPRAY

Silicone free, aqueous based, biodegradable anti-spatter spray which prevents weld spatter baking onto surfaces and extends torch life.

Art. No.: 0897 011 400 (400ml)

### ROSTEX

Specialist rust breaker that penetrates, protects and lubricates with excellent creeping properties. Contains 98% active ingredient.

Art. No.: 0896 011 300 (300ml)

### ROSTSHOCK

A penetrating oil with excellent creeping qualities which loosens corrosion by freezing materials to -40° in a fraction of a second. 400ml.

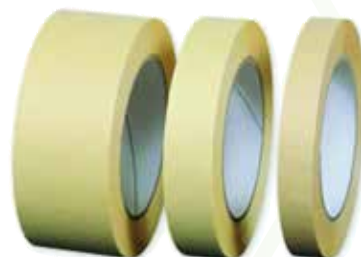

Art. No.: 0896 311 400 (400ml)

### LOW BAKE MASKING TAPE (80°C)

Easily removed masking tape, able to withstand temperatures up to 80°C.

Available in sizes 19,25 and 50mm.

Art. No.: 9920 198\*

## AEROSOLS

### BIO CUT

High quality cutting oil for tool life when drilling, cutting or milling which reduces friction and heat to reduce cutting times and increases tool life.

Art. No.: 0896 41 (400ml)

### FOAM CUT

A high performance cutting oil for most metal tasks with a foaming action which ensures the lubricant penetrates to the edges of the piece.

Art. No.: 0896 414 400 (400ml)

### PAINTS & PRIMER

Range of high quality RAL reference top coat paints with excellent build up properties, fast drying times and excellent weather resistance.

High quality primer which provides a smooth undercoat and protects against metal corrosion while ensuring good adhesion and equal distribution of top coat paints.

Art. No.: 0897 2\* (400ml)

### GALVA ZINC

Bright zinc spray with up to 90% zinc content. Available in premium or basic - a price alternative version with 30g less zinc. 400ml.

Art. No.: 0897 114 400 (Premium)

Art. No.: 0897 115 400 (Basic)

### ALU 800

99% pure aluminium spray which gives a scratch resistant, bright finish and combats corrosion.

Art. No.: 0897 115 400 (400ml)

### CORRO INOX

Gives an excellent stainless steel colour match. Can be used as a primer or top coat and provides superb corrosion and impact resistance.

Art. No.: 0897 132 400 (400ml)

### REFLECTOR PAINT SPRAY

Highly adhesive, highly visible paint effective on various substrates like metal, plastic, wood, glass, ceramics etc. with 10 minutes touch drying time. Very effective at sunset, night time and in shaded areas, lasts for at least 1 year in any weather conditions. Can be removed from fabric by washing at 60°C.

Art. No.: 8911 001 47 (400ml)

## BULBS

### AUTO HALOGEN BULBS

12 or 24 volt, UV and lead free bulbs to suit headlight, tail light and stop light etc. for all kinds of vehicles.

Art. No.	Category	Description
7200 010 08	Auto Halogen Premium Bulb	H7 12 Volt 55 Watt

### GROUND FLUTE DRILLS

Ground for long life with a 118° split point. 1-10mm diameter in 0.1mm increments and from 10-20mm in 0.5mm increments.

Art. No.: 0624

### STUB DRILLS

Ideal for rivet holes and shallow drilling in sheet metal. 2.5-10.0 mm diameter.

Art. No.: 0635

### DOUBLE ENDED DRILLS

Twice the drilling capacity with equal quality. 3.0-6.5mm diameter and 46-70mm in length.

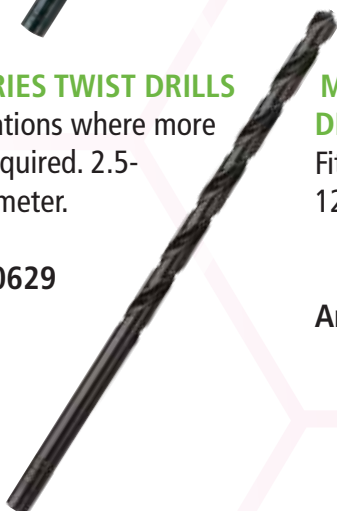

Art. No.: 0636

### LONG SERIES TWIST DRILLS

For applications where more depth is required. 2.5-13mm diameter.

Art. No.: 0629

### MORSE TAPER SHANK DRILLS

Fits into machine spindle. 12-26mm diameter.

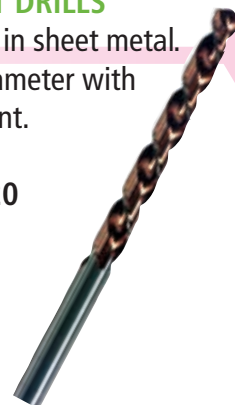

Art. No.: 0628

### ULTRA TWIST DRILLS

Rapid drilling in sheet metal. 2.0-13mm diameter with 135° split point.

Art. No.: 0620

### ROLLED DRILLS

Ideal for use in metal, wood or plastic. 1.0-13.0mm diameter.

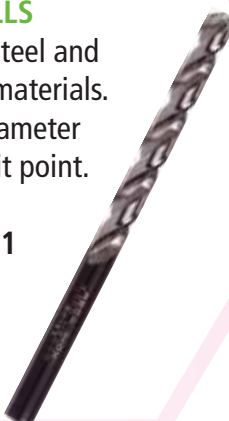

Art. No.: 0625

### COBALT DRILLS

For stainless steel and other harder materials. 2.0 -13mm diameter with 118° split point.

Art. No.: 0621

### CONE & STEP DRILLS

Designed for widening holes in metals, plastics and wood. Step drill set available.

Art. No.: 0692

### 90° COUNTERSINKS

Can be used in metals, plastics and wood or the HSSCO is available for Stainless Steel. Individuals and sets available.

Art. No.: 0692

### ROTARY BURRS

Double cut for rapid stock removal. Individuals and sets available.

### SHANK MOUNTED ABRASIVE POINT SET

Ideal for metal removal and finishing. For fast cool cutting and grinding.

Art. No.: 0677/8

## ABRASIVES & CUTTING

### CERAMIC FIBRE DISCS

Premium, long life 115mm discs available in 36 and 60 grit.

### ALUMINIUM OXIDE FIBRE DISCS

100-178mm diameter discs available in 16 grit to 120 grit.

### ZIRCONIUM DISCS

100-180mm diameter discs available in 24 grit to 120 grit.

Art. No.: 0665\*

### DISCS WITH FASTLOCK SYSTEM

Fastlock system allows discs to be changed quickly and easily.

Art. No.: 0668\*

### FLUFFY SURFACE CONDITIONING DISC

A 150mm disc made from non-woven material for use with a cordless or electric machine.

Must be used with a mandrel, see article number 0666 913 652

Art. No.: 0668 515 000

### NON WOVEN ROLLS

Abrasive hand pad in a 115mm x 10m roll. Can be cut or torn to size.

Art. No.: 0672\*

### SPINDLE SANDERS

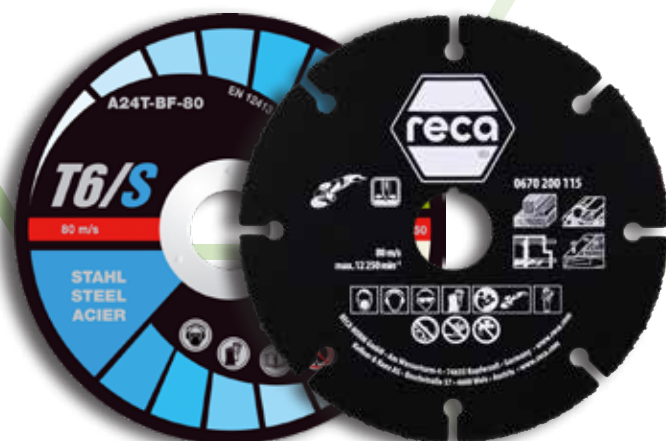

For grinding and shaping steel, stainless steel, non-ferrous metals, plastics and wood. Especially effective for grinding and smoothing in inaccessible areas such as pipes, box sections and tanks. Available in 80 - 120 grit.

Art. No. 0675\*

### DID YOU KNOW?

The RECA abrasives range has more to offer.
