RECA-UK Product Guide

INTRODUCTION

RECA-UK Ltd is part of the European RECA Group, who, with over €900 million turnover, offer massive resources to help give the customer the best possible service.

RECA-UK Ltd has a sales force of over 80 sales professionals giving nationwide coverage. Offering technical advice on over 6000 lines that are available from our distribution facility in West Bromwich, we offer a next day delivery service as standard.

With over 9,500 active customers already in the UK, it is easy to see that our high quality consumable products make sense to all professionals in every trade. Every **RECA** product offers innovation and improved performance to that which is standard within the industry.

Product Quality

The cornerstone of success for the entire group, **RECA** products are designed and specified to German standards so that quality and reliability are guaranteed. **RECA** products are exclusively sold direct to professionals in all trades; they are not available through retail or trade distribution.

There are several ways to shop with RECA-UK

Open a trade account with RECA-UK and you can order from your local area Sales Manager, our telesales team, use our e-shop or visit our Trade Counter and collection point in West Bromwich.

HSS DRILLS

ULTRA TWIST DRILLS

Art. No.: 0620

135° split point for rapid drilling in sheet metal.

COBALT DRILLS

Art. No.: 0621

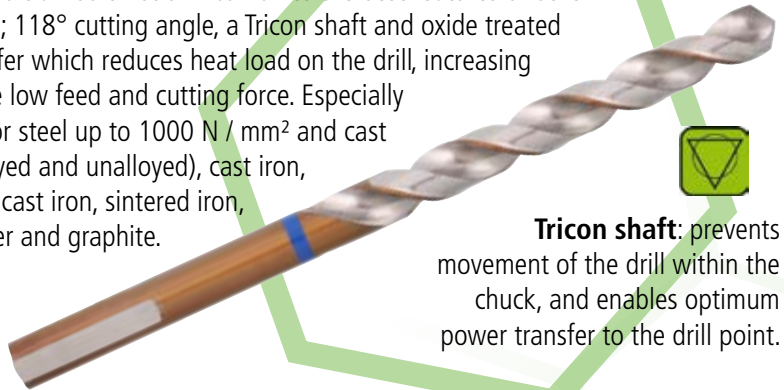

For stainless steel and other harder materials with a 118° split point.

RECA ULTRA HSS TWIST DRILL

Art. No.: 0617

The RECA ultra HSS twist drill combines the best features of other twist drills; 118° cutting angle, a Tricon shaft and oxide treated drill chamfer which reduces heat load on the drill, increasing service life low feed and cutting force. Especially suitable for steel up to 1000 N / mm² and cast steel (alloyed and unalloyed), cast iron, malleable cast iron, sintered iron, nickel silver and graphite.

Tricon shaft: prevents movement of the drill within the chuck, and enables optimum power transfer to the drill point.

EVO TWIST DRILL

Art. No.: 0623

EVO twist HSS drill with TRICON shaft, type N, right-hand cutting, DIN 338, HSS, ground and TiAlN head coating.

STUB TWIST DRILL HSS-CO

Art. No.: 0635

Ideal for drilling thin materials, for rivets and self-drilling screws, with no centre punching required.

EXTREME PLUS DRILL

Art. No.: 0617

For the toughest materials. With 135° turbo cutter and HSS-Co 8% - M42 cutting material for an extremely long service life.

GROUND JOBBER DRILLS

Art. No.: 0624

Ground for long life with a 118° split point.

MORSE TAPER SHANK DRILLS

Art. No.: 0628

Shaped for machine spindle.

ULTRA INOX DRILL

Art. No.: 0627 000

A HSS Cobalt drill with 135° turbo cutter and TRICON SHAFT, especially suitable for hard materials such as A2 & A4 stainless and titanium.

DOUBLE ENDED DRILLS

Art. No.: 0636

Twice the drilling capacity with equal quality.

STUB DRILLS

Art. No.: 0635

Ideal for rivet holes and shallow drilling in sheet metal.

LONG SERIES TWIST DRILLS HSS - CO

Art. No.: 0629

From 100 - 205mm available

LONG SERIES TWIST DRILLS / EXTRA LONG

Art. No.: 0629

For applications where deeper depths are required.

HSS DRILL SETS

Art. No.: Various

Sets available in the 0617, 0620, 0621, 0624, 0627 ranges.

ROTABROACH TCT CUTTER

Art. No.: 0632

A portable, cost effective alternative to twist drills and broaching cutters with high quality solid carbide tips, for maximum performance and reliability.

ACCELER8% MAX METAL CUTTERS

Art. No.: 0632

With tungsten carbide teeth.

SUPERCUT ROTABORS AND TCT ROTABROACH CUTTERS

Art. No.: 0618

Full range of accessories is also available including pins, countersinks and morse taper adapters.

90° COUNTERSINKS

Art. No.: 0692

Can be used in metals, plastics and wood with HSSCO and TiAlN available individually or in sets.

CONE & STEP DRILLS

Art. No.: 0692

Designed for widening or drilling precise diameter holes in metals, plastics and wood.

EVO MACHINE TAP

Art. No.: 0623 8

The unique TRICON shank on these taps offers excellent transfer of force. Universal use - Can be used on steel, stainless steel, aluminium, and high strength steels up to 1200N/mm².

ULTRA MACHINE TAP

Art. No.: 0643 1

High quality tap, ideal for through holes in stainless steel. TiCN coating for additional protection of the cutting edge.

SPIRAL POINT METRIC COARSE MACHINE TAP

Art. No.: 0640

Recommended for through hole machine tapping. Swarf is angled downwards ahead of the tap which reduces tap breakage and reversal is made easier.

MACHINE TAP FOR STEEL BLIND HOLES

Art. No.: 1701

Special groove and thread geometry for long-chipping materials - Steels up to 1000 N/mm²; construction and case-hardened steels, nodular cast iron and black malleable iron.

MACHINE TAP SETS

Art. No.: 0624

Through hole and blind hole sets available.

COMBINATION TAPS

Art. No.: 0641

Drill, tap and countersink in one process.

ALUMINIUM MACHINE TAP

Art. No.: 1702

Spiral point machine tap for through holes in aluminium.

HAND TAPS

Art. No.: 0640

Taper, second and plug.

MACHINE TAPS

Art. No.: 0640

Spiral point metric coarse.

CUTTING TOOLS

JIGSAW BLADES FOR WOOD & METAL

Art. No.: 0604 1* / 0604 2*

Manufactured from chrome vanadium steel. Various applications for all types of wood and metal.

SABRE SAW BLADES FOR WOOD & METAL

Art. No.: 0605*

Manufactured from chrome vanadium steel. Various applications for all types of material.

HANDLE FOR SABRE SAW BLADES

Art. No.: 0605 010 002

Multi purpose handle compatible with sabre saw blades, 1/4" bits and screwdriver blades

DID YOU KNOW?

RECA-UK offer a full range of power tools to work with our blades.

CIRCULAR SAW BLADES

Art. No.: 2616 / 2617 / 3696

Ultra clean cuts in wood, plastics, metal, UPVC, copper and other common materials.

BOSCH MULTICUTTER ACCESSORIES

Art. No.: 3696

A selection of the vast range of multicutter accessories suitable for flooring work and tile and bathroom renovation.

TREND CUTTING SETS

Art. No.: 0616

1/4" and 1/2" starter cutter sets for decorative woodworking contained within a hard plastic case.

COMBINATION AUGER BITS

Art. No.: 0616

Milled auger twist bit with good chip clearance. Also available in SDS auger.

FLAT BITS

Art. No.: 0616

Versatile woodworking bits for use with electronic drills at speeds greater than 1000rpm.

RECA HOLESAWS

Art. No.: 0609

Constructed of hardened heat and abrasion resistant high speed steel.

SDS AND MASONRY DRILLS

X-TRON SDS MAX DRILLS

Art. No.: 0649 2
4 cutting edges from 16mm.

X-TWIN SDS PLUS DRILLS

Art. No.: 0648
A dynamic drill head with unique cutting geometry design which features a full solid carbide tipped head, giving a massive main cutting edge and power shoulders for higher breaking power in concrete, and rebar while the centring tip on the head of the X-Tron is ideal for more exact spot drilling.

SDS MAX MEGA-TRON III BREAKTHROUGH DRILLS

Art. No.: 0649 4
Chisel action to reduce drilling time and vibration.

SDS HARDENED CHISELS

Art. No.: 0638
Hardened and tempered for long life. SDS Plus and SDS Max available.

SDS ULTRA CHISELS

Art. No.: 0638 7
Extremely resistant to breakage. SDS Plus and SDS Max available.

SPEED-TRON SDS PLUS

Art. No.: 0648 5
Patented 4 flute design to aid the efficient removal of dust.

MASONRY DRILLS

Art. No.: 0637
Percussion drill with straight shank.

UNICON MASONRY DRILLS

Art. No.: 0650
Straight shank, rotary and impact drills for tiles & ceramic, masonry, concrete, timber, laminates & plastics and metal.

CORE DRILLS

Art. No.: 0649
Hardened tooth pattern, available in lightweight or heavy duty SDS Plus & SDS Max adapters

DRY DIAMOND CORES

Art. No.: 0663 6
For accurate, fast clean, cutting or larger diameter holes in masonry.

ECO DRY DIAMOND CORES

Art. No.: 0663 9
Range of sizes available including contractors core kit suitable for house bricks.

DIAFLEX DIADRILL

Art. No.: 0663
For drilling hard material with M14 flange to fit grinders.

WET DIAMOND CORES

Art. No.: 0663
For drilling reinforced concrete.

SHARPENING STONE

Art. No.: 0664 999 69
A manmade block purposely designed for sharpening diamond blades with particles that abrade the alloy matrix to reveal fresh, sharp diamonds.

DIAMOND BLADES

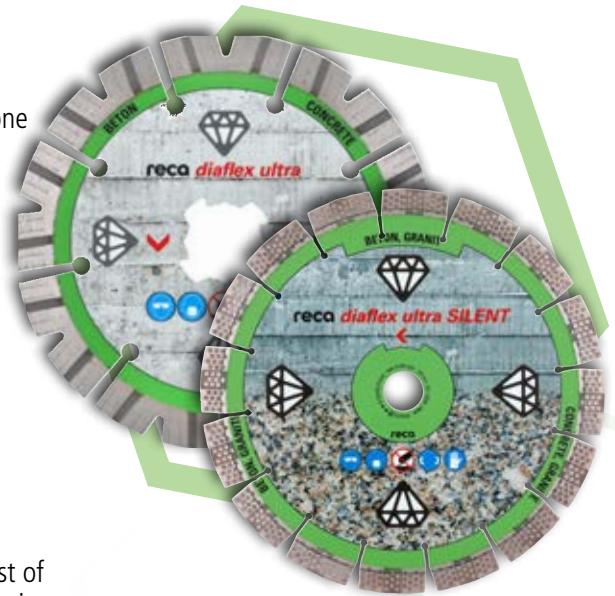

DIAFLEX ULTRA

Art. No.: 0664

Outstanding cutting performance and speed into even the toughest stone materials and also iron.

RECA ULTRA SILENT

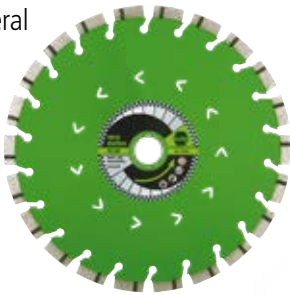

Significantly quieter in comparison to other discs. The noise level is reduced by up to 15 dB and is noticeably lower.

DIAFLEX B

Art. No.: 0661

Particularly long lasting blade when used continually on hard materials such as concrete, reinforced concrete, general building material, cast iron pipe and bricks.

DIAFLEX H

Art. No.: 0661 111

Very clean cut for the hardest of materials, with a continuous rim.

DID YOU KNOW?

The Ultra is available with a X-LOCK fitting. The system comprises a X-shaped interface on the grinders head allowing easy and effortless mounting of discs and accessories.

DIAFLEX XL10

Art. No.: 0661

For medium abrasive materials, ideal for concrete repair specialists (including reinforced).

DIAFLEX RS10AE

Art. No.: 0661

10mm segment height with hard bond for use in asphalt, stone or block.

DIAFLEX ALL CUT

Art. No.: 0662

Electroplated, segmented, highly aggressive cutting disc for universal use.

DIAFLEX RS10FE

Art. No.: 0664

Steel and concrete blade with 10.5mm segment height.

DIAFLEX RS10M

Art. No.: 0662

For the removal of mortar between brickwork with wide channels to remove the spoil.

DIAFLEX HO BIT

Art. No.: 0662

Ideal for roofers, gardeners, landscapers and carpenters, as suitable for wood (including wood containing nails), bitumen strips, roofing felt and roof tiles.

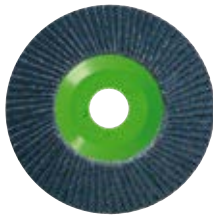

ABRASIVES

RECA F/S MOP

Art. No.: 0666 515

RECA's best performing flap disc, with an offset plastic backing pad. Can be used on steel, cast iron and stainless steel.

RECA ECO FLAP DISCS

Art. No.: 0666 011

Zirconium flap wheel with integrated backing pad, available in 115mm, 40, 60 or 80 grit.

COMPACT SEG & FINISH

Art. No.: 0668

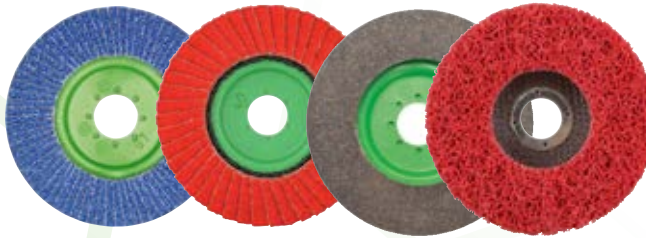

A 12mm fleece compact disc for fine sanding with an innovative backing plate that provides an excellent cooling effect, improving air supply to the work piece, reducing grinding temperature.

RECA MOP RANGE

Art. No.: 0666

Long life with wave free finish. Available in 115-125mm, 40 to 600 grit.

RECAMIC / CERAMIC FIBRE DISCS

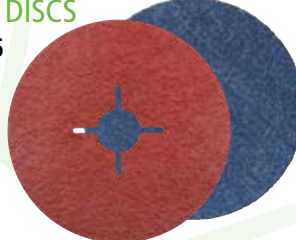

Art. No.: 0665

Toughest premium abrasive grain for machining all metals.

ALUMINIUM OXIDE FIBRE & ZIRCONIUM DISCS

Art. No.: 0665

DISCS WITH FASTLOCK SYSTEM

Art. No.: 0668

Fastlock system allows discs to be changed quickly and easily.

ROTARY DRUM MOPS

Art. No.: 0674

A range of rotary drum sanders is available to blend, grind and clean.

For use with **RECASAT MACHINE** **Art. No.: 0674 99**

HERMES DISCS

Art. No.: 0665

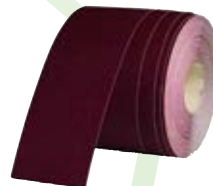

Self adhesive or hook and loop. 40 grit to 400 grit.

PAPER ROLL & CLOTH SANDING BELTS

Art. No.: 0673

40 grit to 240 grit.

WIRE BRUSHES

Art. No.: 2695

For angle grinders or shaft mounted for drills.

CLEAN MOP

Art. No.: 0666 912 546

Cleans all metals, available in 125mm only.

CERAMIC FIBRE DISCS

Art. No.: 0665 511 50

Premium, long life discs, available in 115mm, 36 and 60 grit.

NON WOVEN ROLLS

Art. No.: 0672

Abrasive hand pad on a roll (115mm x 10m)

ABRASIVE BELTS

Art. No.: 0676

Zirconium for sanding stainless steel and mild steel.

CUTTING / GRINDING DISCS

HYBRID CUTTING DISC

Art. No.: 0670 130 125

The production process of this blade enables smooth, precise and extremely fast cutting from the outset. Best suited to cordless grinders.

ULTRA 2 in 1

Art. No.: 0670 002*

The fastest cutting disc in our range, for precise burr free cuts. Available in 0.75mm and 1mm cutting discs - 0.75mm is ideal for cutting thin sheet steel/ stainless.

A1 CUTTING DISC

Art. No.: 0670 050

Bestselling combination disc for all round performance in either stainless or mild steel. Fast, cool cuts in many materials

F1i / F1s CUTTING DISCS

Art. No.: 0670

Ultra fast cutting in stainless steel / mild steel

DID YOU KNOW?

RECA-UK offer a full range of machines for use with our discs

T2 CUTTING DISC

Art. No.: 0670 030

2.5mm disc that gives super fast, efficient cutting.

T6 GRINDING DISC

Art. No.: 0669 030

Cool, effortless grinding with maximum stock removal

RECAMIC GRINDING DISC

Art. No.: 0669 5

Ceramic abrasive grain for steel and stainless steel.

ALUMINIUM CUTTING DISCS

Art. No.: 0670 120

For cutting softer materials such as aluminium, copper and zinc. Available in 1.5mm and 1mm thickness.

MULTI-CUT DISC

Art. No.: 0670 200

A carbide tipped cutting disc for universal applications.

R/Q DISC

Art. No.: 0670 022

A universal disc that will cut as well as a standard disc but can also be used for intermittent grinding.

ASSEMBLY FIXINGS

PAN-HEAD DIN 7504-N

Art. No.: 0211 Zinc
Art. No.: 0211 142 S/Steel
Steel case hardened for metal to metal applications.

COUNTERSUNK DIN 7504-P

Art. No.: 0212 Zinc
Art. No.: 0212 142 Stainless Steel
Steel case hardened for metal to metal applications.

HEX-HEAD DIN 7504-K

Art. No.: 0214 Zinc
Steel case hardened for metal to metal applications.

PAN-HEAD SQUARE DRIVE

Art. No.: 0210 Zinc
DIN 7504-N. Steel case hardened for metal to metal applications.

PAN-HEAD WITH FIXED WASHER

Art. No.: 0218 Zinc
Steel case hardened for metal to metal applications.

COUNTERSUNK RIBBED HEAD

Art. No.: 0212 039
Steel case hardened for plastic to metal applications. Yellow passivated.

SLOTTED HEX-HEAD WITH COLLAR

Art. No.: 0214 055 38
Steel case hardened for metal to metal applications. Extra long tip.

COUNTERSUNK HEAD DIN 7504-N

Art. No.: 0215
Steel case hardened for wood to metal applications.

WINGED SEBS WITH MILLED RIBS

Art. No.: 0219 Zinc
Steel case hardened for wood to metal applications.

COUNTERSUNK HEAD 90° METRIC THREAD

Art. No.: 0212 004 Zinc
Steel case hardened for UPVC reinforced frames.

HEX HEAD DIN 7504-K

Art. No.: 0214 7
With neoprene washer, ideal for cladding construction.

MACHINE SCREWS

Art. No.: 0046
DIN 7985. Pan Head. Cross recessed, Phillips.

SHEAR NUTS

Art. No.: 0396 100
M8 - M12

NYLOC NUTS

Art. No.: 0368 - BZP
Art. No.: 0391 - Stainless Steel
DIN 985, M4 - M24

DOME NUTS

Art. No.: 0356 - BZP
Art. No.: 0348 - Stainless Steel
DIN 1587, M5 - M20

HEXAGON NUTS

Art. No.: 0317 - BZP
Art. No.: 0322 - S/Steel
DIN 934, M3 - M30

FLANGE NUT SERRATED

Art. No.: 0394 - BZP
Integrated, locking washer. M5 - M12

WING NUTS

Art. No.: 0342 - BZP
M4 - M12

FLAT WASHERS

Art. No.: 0407 - BZP
Art. No.: 0409 - S/Steel
DIN 125, M3 - M30

SPRING WASHERS

Art. No.: 0441 - BZP
DIN 127, M3 - M20.

SQUARE PLATE WASHER

Art. No.: 0411 9 - BZP
DIN 436, M8 - M16

PENNY WASHERS

Art. No.: 0411 - BZP
Art. No.: 5409 - S/Steel
DIN 522, M3 - M16

LOCK WASHER

Art. No.: 0428 - BZP (Internal)
Art. No.: 0429 - BZP (External)
DIN 6798, M5 - M16

UPVC WINDOW SCREWS

Art. No.: 0210 Zinc
Shallow pan countersunk, friction stay screws with self drill point.

UPVC WINDOW SCREWS

Art. No.: 0212 Zinc
Countersunk, Phillips head for reinforced frames with self drill point.

UPVC WINDOW SCREWS

Art. No.: 0185 - Zinc
Countersunk, Phillips with self drill point for non-reinforced frames.

BAYPOLE SCREWS

Art. No.: 0218 - Zinc
Flange head with Phillips recess drive.

UPVC WINDOW SCREWS

Art. No.: 0185 - Zinc
Shallow pan countersunk, friction stay screws with Phillips head.

SELF TAPPING SCREWS

Art. No.: 0115 - Zinc
Art. No.: 0119 - Stainless Steel
DIN 7981.
Pan-head, Phillips.

SELF TAPPING SCREWS

Art. No.: 0116 - Zinc
Art. No.: 0123 - Stainless Steel
DIN 7982
Countersunk head, Phillips, cross recessed.

DRYWALL SCREWS

Art. No.: 0189
Zinc or phosphate
for drylining applications.

BUTTON HEAD SOCKET SCREWS

Art. No.: 0061 - BZP
Art. No.: 0092 - Stainless Steel
DIN 7380. Metric head.

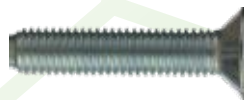

ROOFING BOLTS & NUTS

Art. No.: 0231 - BZP
Smooth low profile head.

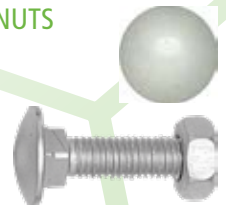

COUNTERSUNK HEAD SOCKET SCREWS

Art. No.: 0089 - SC / BZP
Art. No.: 0100
Stainless Steel
DIN 912.
Metric thread.

COACH BOLTS AND NUTS

Art. No.: 0223 - BZP
DIN 603.
Square shank.

HEXAGON HEAD SET SCREWS

Art. No.: 0057 - Zinc
Art. No.: 0096 - S/Steel
DIN 933. High tensile 8.8.

CAP HEAD SOCKET SCREWS

Art. No.: 0084 - Zinc
Art. No.: 0094 - Stainless Steel
DIN 912. Metric thread.

HEXAGON HEAD BOLTS

Art. No.: 0053 - Zinc
DIN 933 Set screws.
High tensile 8.8.

STUDDING - THREADED BAR

Art. No.: 0958 - BZP
Art. No.: 0954 - Stainless Steel
Art. No.: 0959 - 8.8 High Tensile
M6 - M24 in 1m lengths.

INTERNALLY THREADED SOCKETS

Art. No.: 0660
For use with resin or capsules.

WOOD SCREWS

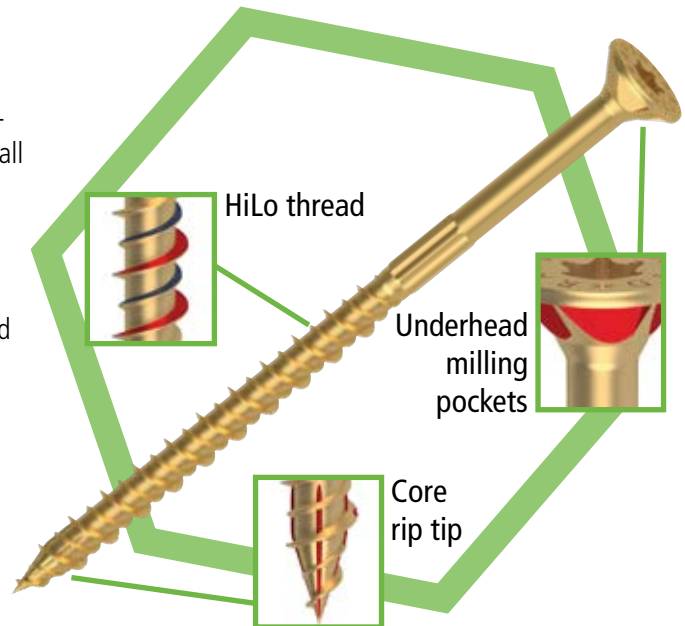

RAPID® TIMBER WOOD SCREW

Art. No.: 0160*

Very high quality wood screw, ideal for use in structural wood-work, timber panel construction and interior construction. For all applications in which timber wood screws are used.

- Features robust TX drive, for optimum power transfer.
- Under head milling pockets to prevent surface damage due to splintering or cracking.
- HiLo thread design offers time savings thanks to accelerated screw in process, compared to conventional wood screws (applicable where stated).
- New tip, with core rips, saves time by biting instantly and precisely, significantly lowering cracking effects.
- CE marked.

CHIPBOARD SCREWS - POZI

Art. No.: 0182 - Stainless Steel

Art. No.: 0186 9 - Yellow Pass.

Art. No.: 0198 9 - Zinc

Full or part threaded.

Art. No.: 0186 - Full thread

Art. No.: 0186 1 - Part thread

BZP WOODSCREWS

Art. No.: 0198 8 - BZP

Countersunk.

Pozi drive.

CHIPBOARD SCREWS - TORX

Art. No.: 0154 - Full thread

Art. No.: 0154 1 - Part thread

Yellow passivated.

HEX HEAD WOODSCREWS

Art. No.: 0192 BZP

Art. No.: 0193 A2 DIN 571

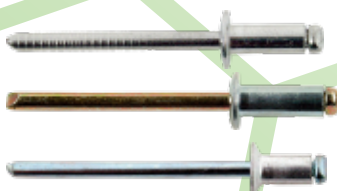

BLIND RIVETS

Art. No.: 0931 - 0944

Body types: Alu-alloy, steel or stainless steel.

Mandrel types: Steel/stainless steel.

Design: Dome head, countersunk, or large head.

RIVET NUTS

Art. No.: 0948

Materials: Alu-alloy, steel.

Platings: Plain, yellow chromate.

Design: Countersunk or flat.

HAND RIVET TOOLS

Art. No.: 0949

RIVET NUT TOOLS

Art. No.: 0948

Single or two handed options.

Fast release mechanism.

RIVET SET

Art. No.: 0949

BM 75 Rivet tool.

Four popular rivet sizes.

ANCHORS - LIGHT DUTY

PRODRIVA

Art. No.: 0905

Self drilling anchor for use in plasterboard and aerated concrete block. Available in zinc alloy.

NYLON PLUGS

Art. No.: 0903

High quality nylon. Particularly suited for chipboard screws or hex-head woodscrews.

PLASTIC PLUGS

Art. No.: 0903

Tough and durable. Boxed on sprue. Wide mouth, self lubricating. Various types available.

ZIP-FIX CAVITY FIXINGS

Art. No.: 0905

Heavy duty wall anchor for plasterboard, cavity walls and ceilings.

PROBROLLY

Art. No.: 0905

Collapsible metal anchor providing a high strength fixing for cavity applications. All steel - fire resistant.

WIRE HANGERS

Art. No.: 0904 950 605

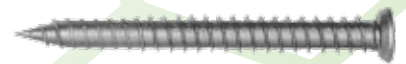

One piece wrap around expansion sleeve. Zinc plated corrosion protection.

ECO SCREWS

Art. No.: 0233

Masonry fixing without the need for a wall plug. Ideal for window applications.

CARTRIDGE TOOL NAILS

Art. No.: 0478

Hardened. 16-97mm shank. BZP

HAMMER SCREWS

Art. No.: 0903 6 / 7

Plug: 100% nylon, light grey. Nail: Steel, yellow chromate. Flat or countersunk plug.

NYLON FRAME ANCHORS

Art. No.: 0905

Heavily profiled body. Two wings prevent rotation.

FIRST FIX NAILS

Art. No.: 0864

SECOND FIX NAILS

Art. No.: 0864

Galvanised. Compatible with most nailers.

CABLE CLIPS

Art. No.: 0836

Flat and round design.

PIPE CLIPS

Art. No.: 0861

Lock or open type available.

CABLE TIES

Art. No.: 0502

Available in black or neutral.

PLAS PINS & NAILS

Art. No.: 0478

Stainless steel shank - corrosion resistant.

ANCHORS - LIGHT & HEAVY DUTY

THROUGHBOLTS

Art. No.: 0909

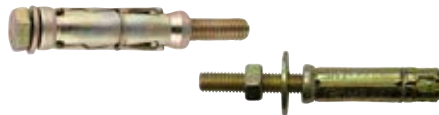

Assembly independent of drilled hole depths. Full load can be applied immediately. Available in zinc, HDG, S/Steel, BZP

SHIELD ANCHORS

Art. No.: 0904

Bolt and stud type, high tensile steel bolt with fast expanding cone to allows a positive, quick setting
Available in bolt, stud & shield type

HAMMER SET ANCHOR - INTERNAL THREAD

Art. No.: 0904

A concrete fixing that works as a permanent socket.

SLEEVE ANCHORS

Art. No.: 0904 9

Available in bolt and stud type.
Elongated expansion sleeve.
Minimal internal stress - suitable for fixing to brick, hard concrete and stone.

MKT HIGH LOAD ANCHOR

Art. No.: 0908 - Zinc

High performance anchor for fastening to concrete.
Nylon compression ring forms moisture barrier by clamping action.
Available in HEX or CSK head.

THUNDERBOLT

Art. No.: 0901

A masonry screw anchor for use on cracked and uncracked concrete.
Reusable and suitable for a range of applications.
Available in yellow pass. or galvanised

CHEMICAL INJECTION RESIN

RECHEM RAPID RESIN

Art. No.: 0912 022

Two part resin system with high tensile strength when cured.

EPOXY ACRYLATE EA380

Art. No.: 0912 030

Ideal for use in damp or wet substrates.

STYRENE-FREE RESIN

Art. No.: 0912 021

Non-flammable. Can be used in confined areas.

CHUBPAC300 MORTAR

Art. No.: 0912 020

Fast curing, two part styrene-free chemical anchor that can be used in confined spaces.

RECA VMU PLUS RESIN

Art. No.: 0911 003 420

A universal resin injection system for use in cracked and non-cracked concrete solid brick masonry and perforated brick.

RESIN ACCESSORIES

Art. No.: 0912

Studs, capsules, resin guns, blow-out pumps, sleeves and nozzles are all available.

RECA VISO ASSORTMENTS & STORAGE

TYPE A - 5 DRAWER CABINET

Art. No.: 0957 100 - Empty

TYPE B - 2 DRAWER CABINET

Art. No.: 0957 200

BENEFITS OF A VISO CASE

- High quality, robust and lightweight case manufactured from ABS.
- Clear plastic lids for easy viewing of product and stock levels.
- Ergonomically designed handle.
- Lockable safety clasp.
- Stackable without slipping.

VISO ASSORTMENT RECA DRILL BITS

Art. No.: 0956 624

1-10.5mm 120 pieces

VISO ASSORTMENT HOLES AW SET

Art. No.: 0956 609 001

Universal, 15 pieces

VISO ASSORTMENT HOSE CLIPS

Art. No.: 0956 539

A2 165 pieces

VISO ASST. RECA PENNY WASHERS

Art. No.: 0956 411

ZN 1275 pieces

VISO ASST. CHIPBOARD SCREW

Art. No.: 0956 198

ZN, 1915 pieces

VISO ASST. HEX-HEAD BOLTS

Art. No.: 0956 057

ZN 600 pieces

RECA TOOL BAG PROFESSIONAL

Art. No.: 0700 001 204

RECA TOOL BAG ECO

Art. No.: 0700 001 205

RECA WORKSHOP TROLLEY

Art. No.: 0706 006 102

1006 x 687 x 480mm (H x W x D).

HAND TOOLS

POWER BITS

Art. No.: 0702

Available in Pozi, Phillips, Slotted, Torx and Hexagon Drive.

INOX BITS

Art. No.: 0702

Prevents rusting from corrosion on stainless steel screws.

IMPACT BITS

Art. No.: 0702

Able to withstand higher torques, RECA impact bits last up to 5 times longer.

RECA POWER BITS ASSORTMENTS

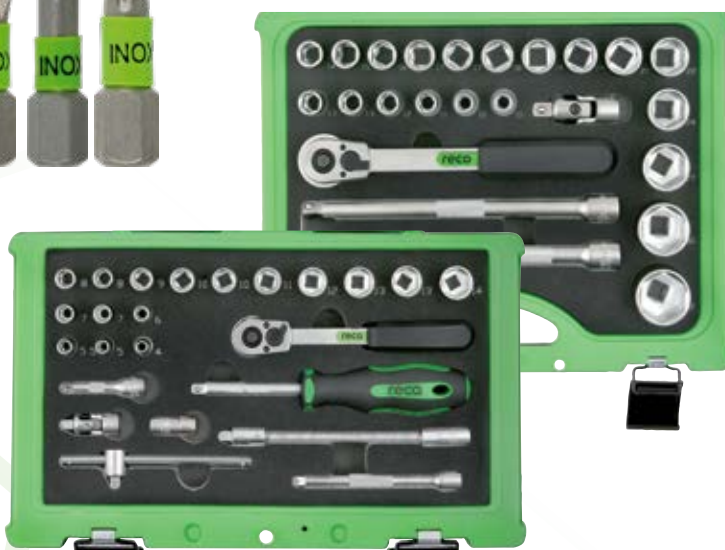

SOCKET SETS

Art. No.: 0700 1

Manufactured from chrome vanadium steel with 6 point rounded profile sockets.

Available in 1/4" and 1/2" sets up to 45 pieces.

INDIVIDUAL SOCKETS

Art. No.: 0700 1

COMBINATION SPANNERS

Art. No.: 0700

High quality chrome vanadium steel.

RECA ADJUSTABLE WRENCHES

Art. No.: 0700 301

Anti-slip handle with smooth opening and reversible jaw.

RECA TORQUE WRENCH

Art. No.: 0700 501

Used to tighten nuts and bolts to a predetermined torque value. Allows fasteners to be tightened to the proper tension, helping avoid damage from over or under tightening.

WATER PUMP PLIERS

Art. No.: 0703 8

Manufactured from chrome vanadium electric steel with box joint design and gripping surfaces with special hardened teeth of approx. 61HRC; Low wear and secure gripping.

COMPOUND TIN SNIPS

Art. No.: 0703 400

Manufactured from chrome molybdenum steel. Two component handle for comfort and built-in spring for self opening.

PIPE WRENCH

Art. No.: 0703 861 100

Push button adjustment allows quick opening & closing of jaws and one handed operation. Length 325mm.

RECA SCREWDRIVERS

The blades are manufactured from chrome molydenum vanadium steel with black tip on blade for precision fit.

ULTRA SCREWDRIVERS & SETS

Art. No.: 0701 5*

An impact proof core is coated with scratch resistant elastomer containing flexible plastic which fits perfectly in your hand, meaning less strain and work fatigue. It also offers 30% more power/torque, compared with traditional grips. The hexagon bolsters on the shaft can be used to apply extra pressure and torque with a spanner.

MULTI SCREWDRIVERS & SETS

Art. No.: 0701 9*

160mm reversible blades and separate two component handle with a soft grip outer material which helps to provide extra torque and also changes easily between straight and T-Handle, without having to remove the blade.

RECA MULTI VDE SCREWDRIVER SET

Art. No.: 0701 900 001

Features a two-component quick-change handle with push button function for quick and easy change of blades plus a locking mechanism ensures the blade cannot be inadvertently removed. The blade insulation is injection moulded directly on the blade and guarantees safe work up to 1000 volt. Each screwdriver has been individually tested in water bath at 10,000 volt in line with ISO 60900.

RECA HEX KEY SETS

Art. No.: 0701 7

Standard and compact sets made from tough chrome vanadium steel.

STANDARD PATTERN PLIERS

Art. No.: 0703

High quality pliers. Combination, diagonal cutters, flat nose, round nose, cable shears and wire strippers.

ALL STEEL SCREW CLAMPS

Art. No.: 0709

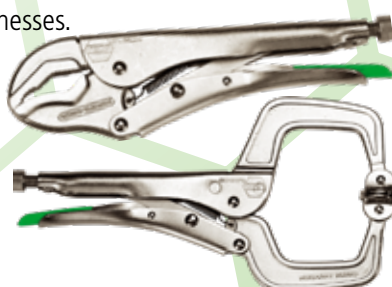

The patented omega bend gives added safety meaning you lose less clamping pressure.

WELDING CLAMPS

Art. No.: 0703 9

Standard pattern, C-clamp and U-clamp available, for materials of various thicknesses.

LEVER CLAMPS

Art. No.: Various

HAND TOOLS

HACKSAW FRAMES AND BLADES

Art. No.: 0709 / 0603

30mm heavy duty frame.
18, 24, 32 and progressive teeth
bi-metal blade.

KNIVES AND BLADES

Art. No.: 0710 401 61

A full range of trimming and safety knives
RECA Black blades, included in the
Ultra range, are specially heat treated
creating a higher carbon
content in the steel. This offers
improved cutting with an
extremely sharp cutting edge
and longer service life.

RECA MEASURING TAPES

Art. No.: 0705

Various lengths of measuring tape
enclosed in strong ABS plastic case.

RECA LEVELS

Art. No.: 0705

Aluminium levels up to 1m with rigid
aluminium profile for measurement. Ideal
for carpenters, joiners, kitchen builders,
metalworkers, form workers, construction
engineers, pipe fitters and many more.

DIGITAL CALIPER

Art. No.: 0705 725 150

Manufactured from hardened
stainless steel, allows precise
measurements to be taken quickly
and easily.

PUNCHES AND SCRIBES

Art. No.: 0695 / 0705

Automatic centre punch or double
ended scribe.

CHISEL AND PUNCH SET

Art. No.: 0704 190

Striking tools comply to DIN
standards.
Manufactured
from hardened
chrome
vanadium steel.

PROFESSIONAL MARKER SET

Art. No.: 0695 900 2

Equally useful on
coarse and slick
surfaces. Clutch
style pen, with
built in sharpener
and coloured refills
available.

DEEP HOLE MARKER

Art. No.: 0695 900 281

Ideal for drilling and assembly work

CARPENTERS PENCIL

Art. No.: 0695 900 215

MASONRY PENCIL

Art. No.: 0695 900 216

PERMANENT MARKER PENS

Art. No.: 0695 900 3

Available in black, red or blue

PAINT MARKER PENS

Available in white or yellow

BATTERIES

Art. No.: 0981 000

Alkaline batteries are the ideal energy
source for a wide range of day to day
devices. TUV tested Quality.

ELECTRICAL, SITE & DECORATING

ELECTRICAL RANGE

Art. No.: 0774

Including cable reel, transformers, RCD plugs, lamps and splitter boxes.

ELECTRICAL PVC TAPE

Art. No.: 0985 600*

A lead-free PVC electrical insulation tape, suitable for general electrical insulation work.

BARRIER FENCING AND TAPE

Art. No.: 0985 / 0698

Hi-Vis barrier fencing. 1m x 50m. 1.2m pins. 70mm x 50m barrier tape.

FLOOR MARKING TAPE

Art. No.: 0985 900 002

Ideal for demarcation of gangways or walkways within a workshop or warehouse. Can be used for public buildings.

PAINT BRUSHES & ROLLERS

Art. No.: 0893

Professional and disposable brushes from 1-4". 9" rollers and 4" mini rollers. Gloss, emulsion and radiator rollers, frames and trays also available.

PAPER MASKING TAPE

Art. No.: 0985

PURE ALUMINIUM & DOUBLE SIDED ADHESIVE TAPE

Art. No.: 0985

PROTECTIVE SHEETS

Art. No.: 0693

100% cotton sheets to protect from dust, shavings and plaster splashes and self adhesive plastic sheeting for carpets and hard floors.

RESOURCE RAG

Art. No.: 0892 996 301

An alternative to a wiping rag. Strong wet or dry, maintains its strength even after being rinsed out. Will absorb 6 times its own weight. Box qty 100 wipes.

REFUSE & RUBBLE SACKS

Art. No.: 0892

With excellent tear resistance, ideal for site clearance or carrying heavy material.

STRETCH FILM AND ACCESSORIES

Art. No.: 0992

Polyethylene film for packing, bundling, protecting and load securing. Can be removed without leaving any residue.

JANITORIAL

HAND WASH PASTE

Art. No.: 0892 1

- Optimal cleaning power, especially on heavy soiling.
- Clinically tested & endorsed by a top skin clinic in Germany.
- Alkali free, therefore suitable for sensitive skin.
- Suitable for use over long periods of time - contains no formaldehyde/methanol.
- Can be used to clean oil, grease, metal dust, paint, lacquer, solvents or fibreglass irritation.
- Economical to use as just 2 grams of this cleansing agent, used in conjunction with water, is sufficient for one hand wash.

ARECAL NEUTRAL & NATURAL HAND CLEANER

Art. No.: 0895 921

Silicone, solvent and soap free cleaning lotion for light duty or medium to heavy duty cleansing.

ARECAL BARRIER CREAM

Art. No.: 0895 920 004

Forms a dry, non-greasy, non-slip protective film for use with highly adhesive, water insoluble substances such as fats, oils, paints, metal dust or resins

BUMPER ROLL & CENTRE FEED ROLLS

Art. No.: 0892

Range of heavy duty cleaning paper rolls available in 2 ply or 3 ply. Dispenser available.

ARECAL SKIN CARE DISPENSERS

Art. No.: 0895 999

Available individually or in set of three.

BARRIER CREAM

Art. No.: 0892 200

A waterproof protective cream which works against the effect of direct contact with acids, chemicals etc. 1kg.

SKIN CARE CREAM

A silicone-free, anti-inflammatory cream. Protects the skin and avoids drying out. 1kg.

HAND CLEANER

Art. No.: 0892 200

Uses natural products, not synthetic cleaning agents. Contains no alkali so has a neutral PH value. Available in 4kg with 3kg refill.

PERSONAL PROTECTIVE EQUIPMENT

FIRST AID KITS, BURNS KIT AND EYE WASH

Art. No.: 0686 / 0687

All HSE compliant, encased in durable polypropylene boxes. Eyewash stations and sterile pods also available. Other first aid accessories are also available including RECA Flexi-Tape plaster roll.

HI-VIS CLOTHING

Art. No.: 0745

Full range including fully waterproof padded, hooded jackets, waterproof trousers, waistcoats to EN471 Class 2 and body warmer, polo shirt and rain suit.

DISPOSABLE COVERALLS

Art. No.: 0687

Category III, Type 5 or 6. Tyvek tear resistant. WDC breathable. Ideal protection.

WORK TROUSERS

Art. No.: 0742

Polycotton work trousers with 7 zip pockets, double seat and knee patches. Weatherproof multi pocket trousers with reinforced knee pads and fully lined for extra comfort.

SAFETY FOOTWEAR

Art. No.: 0689 00

Available in trainers shoe, trainer boot and hiker boot styles with 200 joule steel toe caps.

BOILERSUITS

Art. No.: 0744

Standard 245g polycotton boiler suit and Proban® coated flame retardant boilersuit to EN531 & EN470.

WATERPROOF CLOTHING

Art. No.: 0745

Options include two piece suits in hi-vis or trousers only.

PERSONAL PROTECTIVE EQUIPMENT

RECA FLEXLITE/FLEXLITE GRIP GLOVES

Art. No.: 0687 925 / 926*

Universal assembly glove with a microporous water-based PU coating on the palm. The Flexlite grip glove provides excellent grip even in oily conditions while retaining a very good level of touch sensitivity. Conforms to EN388 4.1.3.1

RECA PROTECT GLOVES

Art. No.: 0687 932*

Seamless knitted glove with coated palm and fingers for good dry grip performance and excellent resistance against cuts and abrasion plus cut resistance performance upto level E.

DISPOSABLE GLOVES

Art. No.: 0687 7

Nitrile, vinyl and latex disposable gloves.

LARGE SELECTION OF PROTECTIVE GLOVES

Art. No.: Various

SAFETY GLASSES & GOGGLES

Art. No.: 0687 2

A wide selection of modern styles

EAR DEFENDERS

Art. No.: 0687

Range from general purpose to fully adjustable. All to EN352.

EAR PROTECTION

Art. No.: 0687

Range from general purpose to fully adjustable. All to EN352.

DISPOSABLE MASKS

Art. No.: 0687 4

Range of valved masks FFP2, and FFP3.

ELIPSE HALF MASK

Art. No.: 0687 411

Lightweight mask that fits perfectly to the face. Ideal for everyday use in construction and more demanding environments. Replacement filters available.

HEAD PROTECTION

Art. No.: 0687 1

Basic style with PE harness. Premium style with comfort terylene harnesses.

ARECAL: LUBRICATE & OIL

FOAM CUT

Art. No.: 0896 414 400

A high performance foaming cutting oil for most metal tasks. The foaming action ensures the lubricant penetrates to the edges. 400ml.

BIO CUT CUTTING OIL

Art. No.: 0896 41

High quality cutting oil for tool life when drilling, cutting or milling. Reduces friction and heat to reduce cutting times. Available in 400ml or 10l.

ULTRA MULTIFUNCTION SPRAY

Art. No.: 0896 115 400

Multipurpose penetrant, lubricant and water displacer to cleans and maintain plastic parts. Available in 400ml or 5l.

LONG LUB

Art. No.: 0896 211 400

A long life lubricant with excellent creeping and adhesion properties. Weather resistant. Also available in H1 **Food safe** 400ml.

ROSTEX

Art. No.: 0896 011 300

Specialist rust breaker that penetrates, protects and lubricates. Excellent creeping properties. Contains 98% active ingredient. 300ml.

ROSTSHOCK

Art. No.: 0896 311 400

A penetrating oil with excellent creeping qualities. Loosens corrosion by freezing materials to -40° in a fraction of a second. 400ml.

MULTI GREASE

Art. No.: 0896 821 400

Reliable, long lasting, oxidation resistant lubrication. Excellent corrosion protection. Available in H1 **Food Safe** version 400g.

TEF CLEAR

Art. No.: 0896

A synthetic non oiling, dry lubricant. Contains 25% PTFE which is used as non stick coating. Reduces friction, wear and energy consumption. 400ml.

THERMO 800

Art. No.: 0896 513 400

A temperature resistant, copper based lubricant. Prevents wear and seizing of static fasteners and provides long term corrosion protection. 400ml.

SILICON 20

Art. No.: 0895 312 500

Protects, cleans and lubricates. Prevents squeaking and static. Lubricates rollers and rails. 500ml.

ARECAL: CLEANING & CARE

INOX FINISH (400ml)

Art. No.: 0895 115 400

Removes minor imperfections.

Also available in **H1 Food safe**.

INOX CLEANER (500ml)

Art. No.: 0895 112 500

Cleans and protects stainless surfaces without residue.

FOOD SAFE ARECAL PRODUCTS

H1 - Food-grade lubricants used in food processing environments with a possibility of incidental food contact.

H2 - Are food-grade lubricants used on equipment and machine parts where there is no possibility of contact.

H3 - Are food grade lubricants, typically edible oils, used to prevent rust on hooks, trolleys and similar equipment.

The Arecal range of food safe products all have NSF approvals.

CLEAN

Art. No.: 0895 014 500

Ideal for cleaning and degreasing during maintenance and repair work, Clean is non-corrosive and acetone-free offering greater material compatibility with plastics, seals etc.

NOVACLEAN

Art. No.: 0895 011 500

Ultra fast cleaner ideal for cleaning and degreasing metals, glass and ceramics. Removes dirt, grease, oil, paint and asphalt.

TOPCLEAN

Art. No.: 0895 411 500

All round cleaner for all industrial and domestic applications. Removes oil, grease and light adhesives from many surfaces. 500ml.

UNICLEAN PLUS

Art. No.: 0895 214 400

Multi purpose cleaner. Foaming action that gently lifts dirt, grease, oil and glue from glass, metal, ceramics and fabrics. 400ml.

IPA CLEANER

Art. No.: 0895 012 400

A cleaning spray ideal for cleaning plastic surfaces prior to painting/priming or applying adhesive. Evaporates completely after a short period of time without leaving any residue.

COCKPIT FRESH AIR SPRAY

Art. No.: 0895 011 400

Cockpit spray with "new car" scent - very well suited for all plastic parts in a car interior and for rubber mats.

INSIDER SPRAY

Art. No.: 0895 216 400

Universal cleaner for vehicle interiors, this product cleans almost all of the surfaces gently yet thoroughly.

STARTER SPRAY

Art. No.: 0894 020 300

Improves the start-up behaviour of 2-stroke and 4-stroke petrol and diesel engines, especially when wet and cold. 300ml aerosol.

LEAK DETECTOR

Art. No.: 0894 010 400

Leak tester for pressurised gas, hot gas and compressed air of all types. Non-flammable and protects against corrosion. 400ml aerosol.

ARECAL: MARKING & PAINTING

USD MARKER

Art. No.: 0897 4
Surveying and construction marker, adheres to multiple surfaces. Features a twist cap which prevents accidental spraying, and can even be used for overhead spraying! 500ml aerosol.

PAINTS & PRIMER

Art. No.: 0897 2
Range of high quality RAL reference top coat paints with excellent build up properties. Fast drying times and excellent weather resistance. 400ml.

CORRO INOX

Art. No.: 0897 132 400
Can be used as a primer or top coat. Gives an excellent Stainless Steel colour match. 400ml.

ALU 800

Art. No.: 0897 122 400
99% pure aluminium spray. 400ml.

GALVA ZINC

Art. No.: 0897 11
Bright zinc spray with 90% zinc content. A lower priced alternative with 30g less zinc also available. 400ml.

GALVA ZINC PASTE

Art. No.: 0897 900
A brushable paste that provides long term protection against corrosion. Two to three coats on the repaired surface will provide the required layer thickness to DIN 50 976 and is temperature resistance up to 300°C.

WELDSPRAY/ECO

Art. No.: 0897 011 400
Silicone free, aqueous based, biodegradable anti-spatter spray. Also available in Eco. Available in 400ml or 10l.

CERESIT 132 uPVC SOLVENT CLEANER

Art. No.: 0895 106 001
Removes grime, excess grease, ingrained marks and uncured sealant from uPVC frames. Solvent-based, fast acting industrial grade cleaner. 1ltr.

CERESIT 133 HEAVY DUTY GLASS CLEANER

Art. No.: 0895 214 501
For use on glass, windows, mirrors, tiling, stainless steel & chrome. Non-smearing and fast acting. 1ltr.

DID YOU KNOW?

RECA-UK have a range of chemicals available in bulk containers plus a 1l spray bottle for easy decanting. Ask your Area Representative for more information.

SCAR AUTOMOTIVE RANGE

MOLIB 100 BIO SULPHIDE GREASE SPRAY

Art. No.: S8911 081 00

For the lubrication of threads, gears, bearings, chains etc where strong temperature changes occur.

VASELINE SPRAY

Art. No.: S8912 101 00

For lubrication of mechanical parts; gears, dies, blades, door hinges, mechanisms, curtain rails, car parts.

CARBURETTOR CLEANER

Art. No.: S8911 000 60

For internal and external cleaning of carburetors, intake systems and injection engines.

NO CORR BATTERY TERMINAL SPRAY

Art. No.: S8911 701 00

An anti-acid protection for battery terminals, electrical connectors and ignition cables.

WHITE GREASE LUBRICANT

Art. No.: S8911 010 04

Water-repellent with excellent resistance to atmospheric agents and saltiness, for lubrication of mechanical parts.

COPPER GREASE SPRAY

Art. No.: S8919 001 00

Anti-seize copper grease lubricant with high temperature resistance to 1100°C.

RADIATOR STOP LEAK

Art. No.: S8905 000 70

Seals micro cracks in the radiator, engine block, cylinder head & hoses.

RADIATOR CLEANER & CONDITIONER

Art. No.: S8905 000 80

Neutralizes calcium residues and dissolves oily and fatty residues.

RAPID START

Art. No.: S8911 000 55

Facilitates and enables the immediate start up of engines even at low temperatures. Allows a quick engine start without stress and prevents battery wear, thus prolonging its life.

PROCLEAN SPRAY

Art. No.: S8909 102 50

Dry, cleaning spray for electrical contacts and circuits, removing dirt & oil.

NO FOG

Art. No.: S8911 001 46

To avoid fogging of glass, windows & the windshield, also effective on clearing already fogged glass.

TYRE SHINE

Art. No.: S8911 000 52

Polishing spray for plastic and rubber parts. Water repellent and antistatic effect.

TAR REMOVER SPRAY

Art. No.: S8911 001 70

Specifically for the removal of tar, resin and glue residues from the vehicle body.

AUTOMOTIVE FLUIDS

Art. No.: Various

Screenwash, anti-freeze and de-icer, Brake And Clutch Fluid and Adblue available in various sizes.

MIRKA ABRASIVES

Art. No.: Various

A selection of Mirka abrasives, including Basecut, Abralon and Abranet.

SILICONES, FOAMS & SEALANTS

GENERAL PURPOSE SILICONE

Art. No.: 0898 957/ 350
For the most common sealing tasks.

SANITARY SILICONE

Art. No.: 0898 957/356
Designed for applications in damp, humid environments; silicones with a built in resistance to fungus and mould.

HIGH PERFORMANCE SILICONE

Art. No.: 0898 957 0/1
A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

FUSION TECHNOLOGY

Art. No.: 0898 957 2/3
A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

ACRYLIC SEALANT

Art. No.: 0898 958/131
High performance acrylic caulk, ideal for filling gaps and cracks and overpaintable when dry.

DUCT SEALANT

Art. No.: 0898 130/401
A range of both high and low modulus silicones, ideal for construction, facade, uPVC roof line, window and door frames and glazing and bonding applications.

2-COMPONENT ADHESIVE

Art. No.: 0894 703 050
Structural adhesive for metal bonding and connecting modern plastics that are difficult to bond.

GRAB ADHESIVE

Art. No.: 0898 95*
With strong initial grab, this range offers internal and external applications, with different features to each product.

SILICONES, FOAMS & ADHESIVE

NULLFIRE FIRE RATED FOAM / ACRYLIC

Art. No.: 0839 775

A modified single component fire rated polyurethane foam, and intumescic water based acrylic sealant tested to EN 1366-4.

POLYURETHANE FOAM

Art. No.: 0898 2

Polyurethane expanding foam with excellent filling and sealing in all general purpose applications. Available in hand held or gun versions.

MULTI-USE CONSTRUCTION FOAM ADHESIVE

Art. No.: 0898 760 750

A rapid gun grade polyurethane foam adhesive with high strength performance on timber, bricks/blocks and a wide range of construction materials.

WHITE TEQ PU FOAM

Art. No.: 0898 229 221

White polymer foam, based on purified ingredients to achieve superior performance - The cured foam excels with unique QUATTRO qualities; 4 x more dense structure providing improved thermal and sound insulation.

PU GUN CLEANER

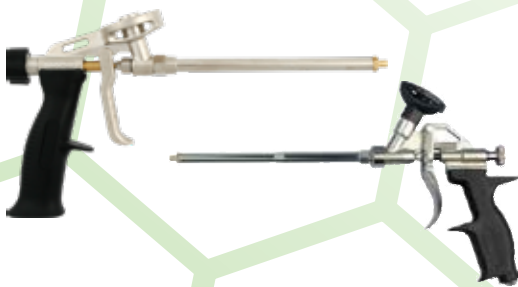

Art. No.: 0898 255 500

Used to clean foam gun after each use to prolong the useful life of the gun.

FOAM APPLICATOR GUNS

Art. No.: 0891 155 / 156

Metal body, robust design for one hand application.

SKELETON GUNS

Art. No.: 1732 / 1791

Standard skeleton application gun for cartridges up to 400ml. Economy and professional Cox Wexford application guns for 310 and 380ml cartridges.

LEAD SHEET SEALANT

Art. No.: 1701 710 99

Good adhesion to lead and most roofing substrates. Permanent weatherproof seal.

UNIBOND FT101

Art. No.: 0898 958 00

Advanced MS Polymer for all sealing, bonding and gap filling. Innovative 'Flextech' technology.

WOOD ADHESIVE & CARE

PU012 D4 PU ADHESIVE

Art. No.: 0898 745 001

PU220 D4 FAST-SET ADHESIVE

Art. No.: 0898 740 500

Exceptionally high bond strength.

Fixes most building materials.

Water resistant.

CY300 ADHESIVE & ACTIVATOR

Art. No.: 0893 100*

Liquid cyanoacrylate, medium viscosity super glue for porous and non-porous substrates (not pictured).

CY340 ADHESIVE KIT

Art. No.: 0893 100*

Two-part kit comprising high viscosity adhesive and activator. With excellent gap filling properties for uneven materials.

GP CONTACT ADHESIVE

Art. No.: 1761 119 59

General and multi purpose contact adhesive. Suitable for bonding many substrates; rubbers, timbers, foams etc. 5ltr.

D3 PVA ADHESIVE

Art. No.: 0898 735 00*

A premium PVA adhesive suitable for internal and external applications where resistance to water is required. Ideal for bonding wood, decorative laminates, chipboard, blockboard, veneers and similar materials.

Conforms to EN204 D3 BS4071

PU230 D4 ADHESIVE

Art. No.: 0898 755 310

Quick curing thixotropic PU adhesive. Exceptionally high bond strength and waterproof.

SOLVENT-FREE HIGH GRIP

Art. No.: 0898 730 001

A highly versatile, high strength grab adhesive with Excellent adhesion to brick, concrete, block works, wood and plasterboard.

380ml

ADHESIVE REMOVER

Art. No.: 0893 100 009

A remover for excess adhesive. Dissolves excess adhesive, and absorbing liquid residue.

Size 20gm

TIMBAFIL

Art. No.: 0898 002 00*

Two-part polyester wood filler for all surface imperfections in wood.

Available in 6 colours.

770ml.

STYRENE-FREE WOOD FILLER

Art. No.: 0898 005 00*

A two-part, pre-mixed, high strength wood filler, designed to guarantee the proper mix ratio of hardener and resin, to provide the strongest repair possible to wood imperfections.

CASCAMITE WOOD GLUE

Art. No.: 0898 004 003

A high strength wood glue capable of producing bonds stronger than wood itself.

No separate hardener required.

POWER TOOLS

RECA-UK WORK IN CONJUNCTION WITH THE FOLLOWING BRANDS TO COMPLEMENT OUR RANGE:

BOSCH
Invented for life

STIHL

Rotabroach

Powerbor

böhler welding
by voestalpine
